AUGUST COUNCIL MEETING 2022 KEY DECISIONS

The August Meeting of Council was held on Tuesday 9 August 2022 at Council Chambers.

Council meetings allow the Mayor and Elected Members to decide the Council's policy direction and make decisions on other statutory matters. These decisions are then implemented by Council staff. Council is a statutory body and can only make decisions by resolution, this is done by a motion being put to a meeting and then passed by a majority vote.

Development Compliance

One of Council's obligations to the Kangaroo Island community is to ensure safe and orderly development across the Island's various zones and regions. The Planning, Development and Infrastructure Act 2016 gives Council the responsibility to assess development applications and enforce conditions on development approvals.

Breaches of the Planning, Development and Infrastructure Act 2016 can include:

- Undertaking building work without approval.
- Changing land use without approval, or using a structure for a use other than what it was approved for (e.g. building a shed for storage and using it for human habitation)
- Failing to adhere to conditions placed on a development approval, for example not constructing as per the approved plans, CFS fire prevention requirements, stormwater discharge, etc.

It is a requirement of the Act that Council must undertake compliance measures where we are notified or become aware of breaches of the Act. This is to both protect life and property, as well as prevent long term issues with illegal development on the island.

If you are unsure about whether you require Council approval, please ask – call on **8553 4500** or email kicouncil@kicouncil.sa.gov.au.
