

TOWN CENTRES PROJECT UPDATE: 22 to SEPTEMBER

Phase 1 of the \$2 million Town Centres Project is fully funded by the state and federal governments, with funding commitments due to expire by the end of the year. Under the conditions of our funding agreements, we plan to complete all works by **December 2022**.

PENNESHAW

Works between Thomas Willson and Nat Thomas Streets began this week. The works will extend the existing footpaths, enhance street planting and create a more attractive, functional and safe street for pedestrians and motorists. The construction follows a community consultation and design process held throughout 2021 and 2022. Construction work will occur during daylight hours from 7.00 am to 5.00 pm on weekdays.

Vehicle Access

The road will be open during the construction period. Safe pedestrian access to businesses on Middle Terrace will be maintained throughout the project. Some parking restrictions will be in place.

Truck Parking

Hog Bay Road and Middle Terrace are under the care and control of the Department of Infrastructure and Transport (DIT). Council is aware of the issues surrounding the movement of stock freight and access to the SeaLink terminal. Council is advocating for better short and long term parking solutions for heavy vehicles. We will work closely with all key stakeholders throughout the construction phase.

AMERICAN RIVER

The American River upgrade is in its final days with planting and paving now complete. The contractor has moved all equipment to Penneshaw with the final touches and tidy up of the site to be completed by the end of the month.

KINGSCOTE

These works are not complete. Council is working with the contractor to confirm the dates for resurfacing of Dauncey Street which will complete the road level, line marking and drainage. We appreciate your patience during this time.

Disability parking is available in front of the Queenscliffe Hotel, road markings such as the wheelchair symbol are yet to be applied. Line marking for car parks on Dauncey Street between Commercial and Murray Streets are temporary pending the resurfacing.

COMMUNITY INFORMATION MEETINGS

In response to community feedback, Council will hold two onsite community walk-throughs of Dauncey Street project.

These sessions are open to everyone in the community and will be led by Council's CEO, Greg Georgopoulos who will be available to answer any questions regarding timeline and progress of the Dauncey Street and Middle Terrace upgrades.

Dates for the community sessions:

Friday **30 September 2022** at 9.00 am – Middle Terrace, Penneshaw, meet outside the Penneshaw Community Business Centre.

Friday **30 September 2022** at 3.00 pm – Dauncey Street, Kingscote, meet outside the

COUNCIL MEETINGS

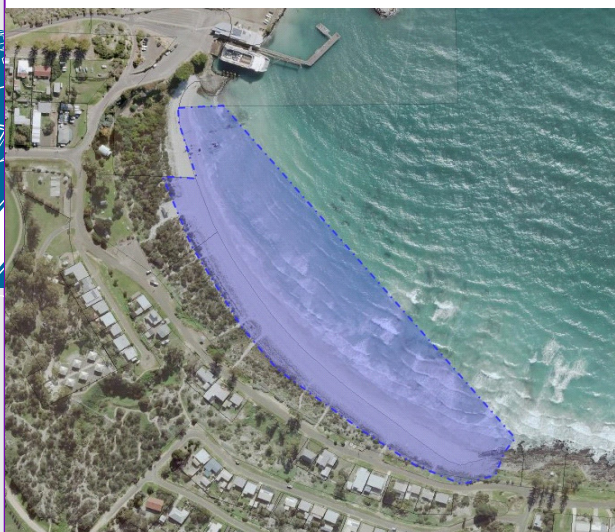

Information Briefing Session

Council Meeting
11:00am Tuesday 11 October 2022

DOG BY-LAW

From **1 November 2022** the area on Penneshaw Beach delineated in the map below will be designated a dog on-leash area between the hours of 10am to 6pm, for the period during daylight savings. At other times, dogs may be allowed off leash, but under effective control.

REPORT IT ON MY LOCAL APP

The My Local Services app allows residents and ratepayers to use the 'report it' feature, where they can take a photo of damage to a playground, report graffiti damage, or a footpath or road needing to be repaired all from their mobile device. Download the My Local Services app now!

Download **My Local Services** app on your phone

use the 'Near Me' feature to find council facilities near you

NEW LIBRARY PROGRAM COMING SOON

The library is bringing in a new program: Jumping Joeys! Jumping Joeys is a fun, interactive way for parents and carers to introduce babies and children, from newborn to two years, to the enjoyment of sharing nursery rhymes, action songs and even simple percussion instruments.

The sessions are lively, interactive and stimulating for both babies and carers. Keep an eye out for further details!
