## PUBLIC CONSULTATION

### PUBLIC CONSULTATION - SA JETTIES

South Australians are encouraged to give feedback about the importance of local jetties through a newly launched survey that will help advocate for much-needed additional state and federal funding.

The Local Government Association of SA is undertaking a study of the value of South Australia's jetties, including how they contribute to the state's economic prosperity, historical significance and wellbeing of local communities.

This assessment will focus on the activities that are supported by jetties, such as tourism, walking, recreational fishing and swimming, and will highlight how crucial it is for state and federal governments to support councils in maintaining these vital assets.

Kangaroo Island Council leases the Emu Bay jetty from the State Government.

We would appreciate local feedback on this project. To take the online survey, please visit

## MENTAL HEALTH FIRST AID TRAINING

Mental health problems can affect anyone in the community, and inaccurate and stigmatising attitudes towards people with mental illness are common.

Many people lack the knowledge, skills, and confidence to support a friend, family member or co-worker experiencing a mental health problem, including how to approach someone and start a safe conversation.

**FREE** training is available to the Kangaroo Island community to become a Mental Health First Aider. The next Mental Health First Aid Course on KI is planned for 20 and 21 November 2023.

To register your interest, please call Junction at the Kangaroo Island Community Centre on telephone, **8553 2809**.
