

## Council Boat Ramps

Kangaroo Island Council maintains 5 boat launching facilities on Kangaroo Island. Council has a strong commitment to upgrading these facilities to a high standard. Following upgrades of each facility, boat launching fees will be introduced. Income raised from the fees will be used to maintain the facilities.

If you plan on using a boat ramp more than once a month, you should consider an annual permit. Application forms for this are available from Customer Service Penneshaw Community Business Centre, or Council's website.

The Christmas Cove Marina Terms & Conditions document provides all the details required by a vessel owner to be informed of their rights and responsibilities when mooring at Christmas Cove, Penneshaw.
