Dear *Andrew,*

Re: Glenelg Jetty Rejuvenation and Regional Tourism Hub

We write to you in relation to your recent correspondence with Justin Lynch, Chief Executive Officer, regarding the proposed Glenelg Jetty Rejuvenation redevelopment at Glenelg.

This project is an exciting concept and we would appreciate your Council's support for this venture. The feedback we're receiving is all quietly encouraging, and resoundingly, people are telling us they can see the impact this project could have on tourism, not only for Glenelg but the whole of South Australia and in particular Kangaroo Island.

Council and the Jetty Road Mainstreet Management Committee commissioned Mott MacDonald and Woods Bagot to develop the concept, and more recently, to produce a promotional film to help us promote that concept. The film, although still in draft mode, is already proving an invaluable tool in showcasing the vision to key players.

I believe Woods Bagot are more than happy to present the "fly through" to your Council and will contact you to arrange this.

Please do not hesitate to contact myself or Justin if you need any further information or assistance. In the meantime, a letter of support from your Council would assist us in our lobbying of politicians to galvanise the interest needed.

Yours sincerely,

Stephen Patterson
Mayor

Justin Lynch
Chief Executive Officer
