MAYOR & CEO OVERVIEW

CREATING OPPORTUNITIES

We all appreciate the importance and necessity of taking a long term financial view of what we do in business and on the home front. As circumstances dictate we need to balance what we would like, as against what we can afford.

The Kangaroo Island Council is the service delivery arm of its community. A review of our financials and strategic plan 2010-2014 highlights the level and extent of community services. We must also ensure compliance with our legislative and activity responsibilities. Failure to manage and act appropriately can expose the council and our community to unnecessary liability and risk.

The Kangaroo Island community enjoys a lifestyle in a pristine location which is the envy of many. Not only do we have positive growth but we attract visitors from far and wide. Being an island not only provides challenges, but it also provides enormous opportunities. It is from this pre-text we have formulated an annual business plan and budget which provides leadership and direction for the future. Our plans lay the foundations for what will be an exciting and prosperous future. We need to capitalise on the significant achievements and advancements this council has made on the path to sustainability. We must continue to provide positive and constructive leadership at the national local government level.

The recent Local Government National award for Asset and Financial Management, together with the World Surfing Titles, plans by RuralAus investments for a feasibility study into a biomass power plant and the much anticipated discussion paper by the South Australian Economic Development Board on the key future areas of focus for the Island, provide an air of confidence for the future. It is therefore critical that the Kangaroo Island Council demonstrates it has the skills and capacity through a strong united team to provide that guidance which will enable us to successfully partner with Governments and the private sector.

This year we have re-formatted our financials to accurately reflect complete operating costs. We intend to use this as the basis for developing over the next twelve (12) months our in-depth 5 and 10 year financial plans. It is so critical that we understand the implication of decisions made today on our long term financial bottom line. We need to appreciate what the financial implications will be if we do not maintain our infrastructure to acceptable standards and so our focus more than ever before will be about taking a long term view of our community service business units.

While we acknowledge and understand the need to keep our operating costs down and to continually look for operational efficiencies, financial astuteness has to be based on good management and financial principles. Sure we can use arbitrary and feel good decreases on our operations, but if we do not take a long term view, we will be neglecting our fundamental responsibility of providing long term sustainability and security for our community.

This years council budget keeps a tight reign on our operations while at the same time providing an on going review of our service operations to identify benefits, while beginning to address our long term infrastructure assets, particularly in the areas of unsealed road improvements and maintenance. We have focused on staged works programs to reduce the impact on rate increases. We will only be utilising loan borrowings unless absolutely required this year, however should circumstances dictate we will stay within acceptable loan limits – which is currently the case.

Our budget reflects the need to increase rates by 3.6% (CPI) + 2% (Infrastructure) + 1% (Growth). It is a responsible budget with no increase in staff numbers. It has flexibility to meet our community needs and changing circumstances. We will be focussing on value adding to our ratepayer dollars in attracting government and private sector investment wherever we can. Our budget and operations will be subject to robust business case reporting to further improve decision making.

These are challenging times which require not only adhering to proven financial management principles but a dash of creativity which can seize the opportunities which present at certain times to enable us to build a prosperous and exciting future for us all.

We commend the financial overview and Annual Business Plan for your support and endorsement.

Mayor Jayne Bates

John L Coombe -Acting Chief Executive

1.0 INTRODUCTION

The Annual Business Plan lists Council's commitment to projects for 2011-2012. This plan is derived from Council's Strategic Management and Action Plan 2010-2014. It aims to maintain and improve relevant, efficient services for the community.

Specific objectives and actions for the year are proposed consistent with the Council's Strategic, Long Term Financial (LTFP) and Infrastructure Asset Management (IAMP) plans to ensure the appropriate management of Council's revenue.

1.1 Kangaroo Island Council

The Kangaroo Island Council was formed in 1996 following the amalgamation of the District Councils of Kingscote and Dudley.

Kangaroo Island Council governs the Local Government region of Kangaroo Island. Kangaroo Island is located 13.5 km's from the mainland at its closest point, it encompasses an area of 4,400 square km's and has a resident population of 4,117. The Council is responsible for the management of 1,300km's of unsealed roads and 250km's of sealed roads. The Island enjoys approx. 185,000 visitors each year, which is steadily increasing.

An Electors Representation Review was completed in 2009-10 and was formally gazetted in October 2009. The Electors Representation Review is undertaken every 8 years and it examines the boundaries of the Council, it also examines if a ward composition change is required and whether Council should have a Mayor or Chairperson. The findings of the review recommended that Council's composition remain the same at 9 Councillors and a Mayor.

2.0 SIGNIFICANT INFLUENCES AND PRIORITIES

A number of significant factors have influenced the preparation of Council's 2011-2012 Annual Business plan, including the following:

- a) Local Government costs increases on relevant goods and services of 3.6% for the year ended March 2011, as defined by the March Quarter of Consumer Price Index (CPI) for Adelaide.
- b) Enterprise Bargaining Agreements which provide for wage increases.
- c) Requirements to maintain and improve infrastructure assets (as per the Asset Management plans) to acceptable standards including; roads, buildings, structures, stormwater, community wastewater management schemes (CWMS), open space and other Council infrastructure assets.
- d) Service and infrastructure needs for an ageing population.
- e) KI Council unsustainable status. Council has an extensive portfolio of ageing infrastructure. Funding the gap between what Council requires in planned renewals and projected renewals of assets, given Council's small rate base is a considerable challenge to Council's sustainability.
- f) The impact of visitation of approx. 185,000 visitors per annum on the infrastructure managed and services provided by Council.
- g) Increased legislative requirements imposed by other levels of government.
- h) One third of the Island is National Park and deemed non rateable, Council's capacity to rate one third of the Island is foregone.
- i) Kangaroo Island's remoteness from the mainland invariably means that the cost of conducting business and providing services is more expensive than mainland Council comparatives.

In response to these factors and to minimise the burden on ratepayers, the annual business plan and its budget has been prepared within the following guidelines:

- The Annual Business Plan will result in the total revenue raised through general rates increasing by no more than 2% above the Consumer Price Index (CPI) or Local Government Cost Index (LGCI) and revenue from new properties, which is assumed to be a level of 1% for this budget.
- Total operating expenses to be held within 5.0% of current year's level.
- All major projects have been partnered with other entities.

2.1 Council's Priorities for 2010-2011

- a) Continued focus on addressing and establishing a sustainable solution to Council's long term financial sustainability.
- b) Continuation in addressing the KI study its recommendations and actions with particular emphasis on the results of the impact study on the imposition of a traveller's levy or alike.
- c) Completion of the internal controls and good governance work plan, which is overseen by the Audit Committee;
- d) The installation of CWMS infrastructure in the Penneshaw township.
- e) Completion of the sealing works on the Stokes Bay Road.
- f) Continuation of the Roads to Recovery works focussing on high priority roads as determined by the Asset Management Plan.
- g) In partnership with DTEI complete the Rural Road Numbering project.
- h) Existing programme of replacement of street and regulatory signage across Kangaroo Island to meet statutory requirements.
- i) Commencement of the Rural Living/Forestry/Bushfire/General Farming DPA.
- j) Continue to maintain infrastructure at current service levels within budgetary constraints.

3.0 Services that the KI Council provides

All councils have responsibilities under the *Local Government Act, 1999* and other relevant legislation, including the following:

- Regulatory activities e.g. maintaining the voters roll and supporting the elected Council..
- Setting rates, preparing an annual budget and determining longer term strategic management plans for the area.
- Management of basic infrastructure including roads, footpaths, parks, public open space, street lighting and rubbish collection.
- Development planning and control, including building fire safety assessment.
- Various environmental health services.
- Fire protection.
- Dog & cat management.

In response to community needs, Council also provides further services and programs including:

- | | |
|-------------------------------|-----------------------------|
| • Library services | • Ovals and sporting arenas |
| • Parks and gardens | • Playgrounds |
| • Environmental programs | • Community programs |
| • Youth services | • Car parking |
| • Economic development | • Tidal swimming pool |
| • Public amenities | • Community development |
| • Community Passenger Network | |

Council seeks to be responsive to changing needs. Regular community surveys are undertaken to ascertain levels of satisfaction (i.e. Comparative

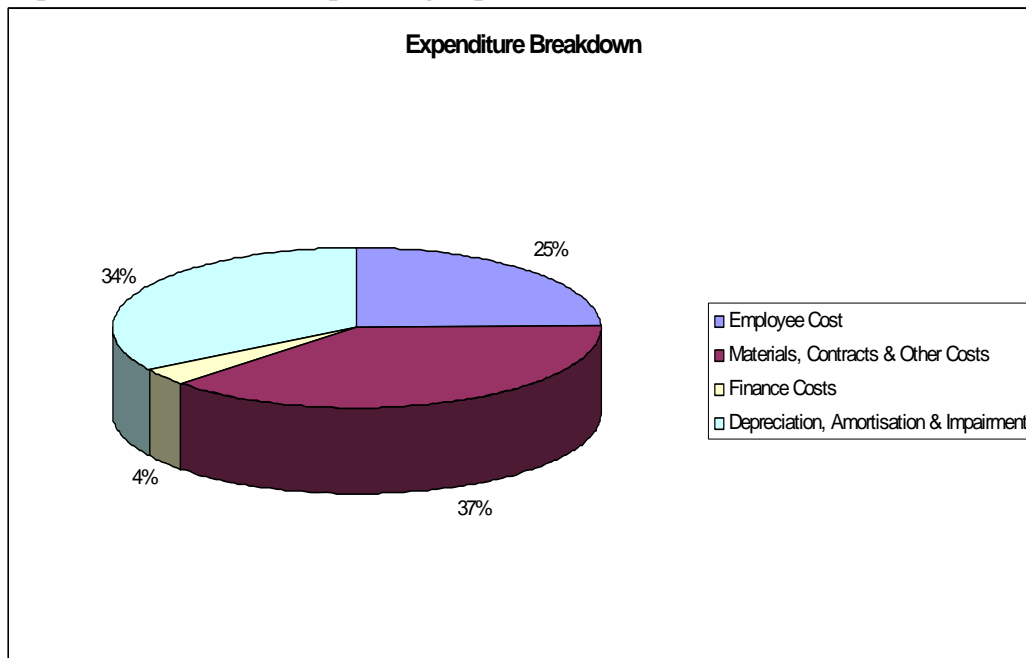

Performance Measurement *CPM* satisfaction survey) to identify areas of improvement.

Council also operates a number of facilities on a *fee for service* basis (refer to *Appendix D*). These provide important community benefits whilst also generating revenue for services and projects of benefit to the Kangaroo Island Council, as follows:

- Camping grounds
- Cemeteries
- Waste management
- CWMS (Community Wastewater Management Schemes)
- Airport
- Town halls
- Water standpipes
- Boat ramps

Further information of the costs associated with providing these services and how these services contribute to achievements of Council's strategic objectives can be found below, refer 4.6.

Expected breakdown of operating expenditure 2011 -2012:

4.0 LINKING STRATEGIC GOALS TO VISION and MISSION

4.1 Whole of Island Vision

Our whole of Island approach will support community learning; health, social and environmental well-being and economic growth, ensuring a sustainable future for all.

(As agreed to by Island agencies and this now appears in the individual strategic plans).

4.2 Council's Vision Statement

A confident, growing and cohesive community benefitting from a thriving economy based on strong tourism and primary production sectors, preserving our unique heritage and sustainably managing our natural environment.

4.3 Council's Mission Statement

To provide leadership, direction and responsible stewardship of resources and delivery of efficient, cost effective key services to our community.

4.4 Core Values that underpin our Vision

Creativity and Innovation

To lead by initiative, innovation and have due regard for the community's aspirations.

Equality

To treat citizens and each other with trust, honesty, tolerance and respect.

Accountability & Transparency

To maintain the highest ethical standards in dealing with citizens and each other.

Sustainability

To provide and manage the Island's assets to the current needs of the community and our future generations.

Service Oriented

To provide appropriate service to our citizens in a prompt and pleasant manner.

Participatory

To share information, listen and consult with the community and each other.

4.5 Strategic Plan

The Council adopted the 2010-2014 Strategic Plan at an ordinary meeting of Council on 11 June 2010. The plan has 5 key areas and goals that align with Council's structure and included as follows:

- 1. Governance**
- 2. Development Services**
- 3. Finance and Rates**
- 4. Asset Services**
- 5. People, Learning and Communications**

4.6 Goals & Objectives

The goals, objectives and actions of the Strategic Management and Action Plan 2010-2014 are listed in detail in the rear of the document (*refer Appendix B*). Council is striving to better utilise the Business Plan and incorporate the goals, objectives and actions into Council's day to day operations. Senior Managers are now required to report to Council on a monthly basis on their area of responsibility, for example the status of the relevant objectives and actions within the Business Plan.

Governance

Goal 1: To ensure that Council meets its legislative obligations and requirements through transparent, equitable and accountable processes, whilst delivering sustainable services to the Kangaroo Island Community;

- 1.1 Work to achieve ongoing financial sustainability through additional funding sources.
- 1.2 In conjunction with key Agencies, Ministers, Island staff and Governing Bodies; on and off Island, investigate the possibility of creating a 'one-stop shop' co-locating key agencies on Kangaroo Island which could result in the reduction of; overheads, inefficiencies, lack of communication/goals and would create greater co-operation and collaboration between agencies.
- 1.3 To provide good governance that is transparent, equitable and accountable.
- 1.4 To develop the Strategic Plan as an "evolving" document.
- 1.5 To encourage the involvement of a broad range of community stakeholders in Council's strategic planning.
- 1.6 Council work in collaboration with Southern Hills LGA Councils and other Councils with similar regional challenges for the purpose of identifying synergies for resource sharing and strategic collaboration.
- 1.7 Council to explore LGA and Local Government Research and Development Scheme support to pilot work that may have potential for application elsewhere in the South Australian and local government sector.
- 1.8 To encourage the involvement of other government agencies to improve linkages between strategic plans.
- 1.9 To develop strategic partnerships with other agencies (see also 1.5).
- 1.10 To work with the LGA in support of local government issues.
- 1.11 To improve staff consultation.
- 1.12 To improve communication with Elected Members.
- 1.13 To educate the community on the values and responsibilities of being an elected member.
- 1.14 To comply with the Local Government legislative requirements.
- 1.15 Align Council, State and Infrastructure Strategic Plans.
- 1.16 To continue to use & encourage the use of existing and external research to inform better decision making.
- 1.17 Report the status of the KI Study to the Minister for State/Local Government Relations and Council.
- 1.18 To sustainably manage, in partnership, our natural environment.

- 1.19 To work in partnership with the RDA in developing environmentally sustainable business solutions.
- 1.20 To build links and partnerships with RDA and LGA to promote economic development.
- 1.21 To improve and enhance public consultation and interaction with the community.
- 1.22 To ensure that Council has a prominent role in annual/special community events.
- 1.23 Develop a culture that ensures positive (internal and external) Customer Service outcomes.
- 1.24 To develop a Community Emergency Management Plan in partnership with other applicable stakeholders and ZEMC.
- 1.25 That Section 41 Committees are relevant and terms of references adhered to.
- 1.26 KI Council will work to facilitate alternative power generation and distribution on Kangaroo Island and ensure planning policies encourage alternative energy use.
- 1.27 In collaboration with relevant Agencies ensure that enhanced biosecurity measures maintain the quality of KI agricultural produce and GMO-free status and natural biodiversity. Council to support, agree and believe in primary production and marketing as being a key economic driver for island. KI to become an internationally recognised “food bowl” through marketing of GMO-free produce.

Development Services

Goal 2: To proactively work on strategic and community projects, initiatives and developments in associations with other sectors, to support and enhance the economic, social and environmental needs of Kangaroo Island;

- 2.1 To keep the Development Plan up to date.
- 2.2 To streamline development processes to ensure they remain relevant and easy to use.
- 2.3 To continue to use & encourage the use of existing research to inform better decision making.
- 2.4 To undertake regular system indicator performance appraisals of the Development Assessment function.
- 2.5 To have a highly skilled and efficient Development Assessment Panel and Development Advisory Services.
- 2.6 To ensure the membership of the Panel, Terms of Reference, Operating Procedure and Delegations are reviewed.
- 2.7 To undertake an audit of compliance with governance requirements of Development Act.
- 2.8 To provide efficient and effective customer service.
- 2.9 Building fire safety committee – to meet Council's objectives under the Development Act.
- 2.10 Building Inspection Policy – to undertake necessary obligations under the Development Act.
- 2.11 To incorporate the Urban Design Framework into Developments.

- 2.12 To build links and partnerships with Planning SA, RDA, KIPMG, DTEI, KINRM, SA Water, PIRSA and other relevant agencies and industry sectors to promote economic development.

Finance and Rates

Goal 3: To provide an efficient, effective and financially sustainable Council;

- 3.1 To plan for the financial sustainability of Council.
3.2 All rural roads and township streets are given a rural road or street addressing number.

Asset Services

Goal 4: To construct and maintain infrastructure to service the Kangaroo Island Community in an innovative and sustainable manner;

- 4.1 To consider and implement the recommendations of the Business Process Review of the Outside Work Area
4.2 To manage Council's Assets in accordance with professionally developed asset management plans
4.3 Construct and maintain road infrastructure in an innovative and sustainable manner
4.4 Council will conduct trials of various methods of construction of sealed and unsealed pavements, in particular, the use of Polymer Binders, or similar and will integrate the results into Road Asset Management Plan. (where possible)
4.5 KI Council will provide, within its capacity, pathway infrastructure and facilities to meet the needs of residents and visitors.
4.6 Work to achieve ongoing financial sustainability through additional external funding sources.
4.7 Council views garbage as a resource to be utilised to best advantage, rather than as a waste product to be disposed of
4.8 Council views wastewater as a resource to be utilised to best advantage, rather than as a waste product to be disposed of
4.9 Maintain Community Facilities in accordance with good management practice
4.10 Manage and maintain Community Land and other Council land in accordance with best practice (including Christmas Cove)
4.11 Council to provide cost effective contract works to the community and stakeholders which does not impact on delivery of internal works and other businesses
4.12 Provide opportunities for all Kangaroo Island residents to have access to potable water supplies
4.13 In partnership with community groups and Planning SA undertake the Town Centres improvement projects
4.14 Maintain Council's plant and equipment in accordance with manufacturers requirements
4.15 To manage and maintain the Kingscote Aerodrome in a sustainable manner which meets the needs of the community and industry
4.16 Undertake works using good environmental practice
4.17 In partnership with other agencies assist in ensuring the health and wellbeing of the Kangaroo Island community

- 4.18 Implement the Kangaroo Island Bushfire Risk Management Plan 2009-14
- 4.19 Inspectoral services undertake compliance activities in accordance with legislative and good practice processes

People, Learning and Communications

Goal 5: To communicate and deliver services to the community that will support sustainable and continual improvement.

- 5.1 That we are able to support, fund, resource and appreciate our many valued Community Volunteers.
- 5.2 To educate and assist in sourcing funding opportunities for community groups.
- 5.3 To assist in sourcing funding opportunities for Council against the Business Plan.
- 5.4 To encourage and support youth services.
- 5.5 To ensure the existence of a community library that addresses the needs of both community and visitors.
- 5.6 To improve and enhance public consultation and interaction with the community.
- 5.7 Council supports their involvement with TOMM & CPM and continues to use the outcomes to inform better decision making.
- 5.8 To improve and enhance the availability of public information.
- 5.9 To ensure Council maximises use of current IT system.
- 5.10 To provide transport services for disadvantaged community members within budget constraints.
- 5.11 To maintain a compliant and efficient records management system.
- 5.12 To develop and maintain a human resource management system.
- 5.13 To develop and maintain an OHS&W management system.

5.0 LINKING THE STRATEGIC GOALS TO THE BUDGET

5.1 Governance

Function	Operating (Recurrent) Expenses	Capital Income	Capital Expenditure	Revenue	Net Total
Elected Members	180,600			0	180,600
Governance Support Services	302,985			0	285,825

Continuation of the provision to Private Works to the community, agencies and stakeholders.	4.11 Council to provide cost effective contract works to the community and stakeholders which does not impact on delivery of internal works and other business
Update and audit Council leases, licences and permits.	4.10 Manage and maintain Community Land and other Council Land in accordance with best practice
Continuation of the lease arrangements with Sealink and the modernisation of other leases	4.10 Manage and maintain Community Land and other Council Land in accordance with best practice

5.4.2 Asset Services- Community Services					
Function	Operating (Recurrent) Expenses	Capital Income	Capital Expenditure	Revenue	Net Total
Public Order & Safety	70,000			50,000	20,000
Fire Protection	136,896			91,000	45,896
Cemeteries	56,855			30,000	26,855
Health Services					0
					0
Public Amenities	468,427			0	468,427
TOTAL	732,178	0	0	171,000	561,178

Projects for 2011 / 12 include	Strategic Objectives to be achieved
Complete the Rural Road Numbering Project	3.2 All rural roads and township streets are given a rural road or street addressing number
Delivery of the Kangaroo Island Council works program from the Kangaroo Island Bushfire Risk Management Plan. Development of Emergency Risk Plan, Fire Mitigation Works, Block Mowing/Slashing	4.18 Implement the Kangaroo Island Bushfire Risk Management Plan 2009-14
Continued installation of new plinths and infrastructure to cater for the needs of the community at Kingscote and Penneshaw Cemeteries. Implement new land management program for Penneshaw Cemetery.	4.10 Manage and maintain Community Land and other Council Land in accordance with best practice
Public amenities will continue to be maintained within Council resources at current service levels as a minimum. Alternative maintenance practices to be considered and evaluated Island-wide.	4.9 Maintain Community Facilities in accordance with good management practice

5.4.3 Asset Services- Culture					
Function	Operating (Recurrent) Expenses	Capital Income	Capital Expenditure	Revenue	Net Total
Town Hall	144,124			13,000	131,124
TOTAL	144,124	0	0	13,000	131,124

Projects for 2011 / 12 include	Strategic Objectives to be achieved
Halls continue to be maintained at current service levels within Council budget constraints. Programmed maintenance works at Parndana Hall, American River Hall, Kingscote and Penneshaw Hall.	4.9 Maintain Community Facilities in accordance with good management practice

5.4.4 Asset Services- Environment

Function	Operating (Recurrent) Expenses	Capital Income	Capital Expenditure	Revenue	Net Total
CWMS	1,138,468		71,242	1,141,265	-74,038
Stormwater Drainage	176,019			0	176019
Street Cleaning	34,920			0	34,920
Street Lighting	50,700			0	50,700
Waste Management	1,429,252			1,374,368	54,884
Water Standpipes	29,544			30,000	-456
TOTAL	2,858,904	0	71,242	2,545,633	384,513

Projects for 2011 / 12 include	Strategic Objectives to be achieved
Continued rationalisation and maintenance of the Kingscote CWMS and establishment of easements in accordance with Kingscote Extension Plan.	4.8 Council views wastewater as a resource to be utilised to best advantage, rather than a waste produce to be disposed of
Ongoing stormwater management within Council resources at current service levels	4.8 Council views wastewater as a resource to be utilised to best advantage, rather than a waste produce to be disposed of
Increasing frequency of street cleaning within Council resources at current service levels	4.3 Construct and maintain road infrastructure in an innovative and sustainable manner
Ongoing management of the current street lighting infrastructure. Additional lights prioritised as required.	4.3 Construct and maintain road infrastructure in an innovative and sustainable manner
Maintenance of sub terrain monitoring systems, transfer stations- all in accordance with K.I. Council Integrated Waste Management Plan 2006	4.7 Council views garbage as a resource to be utilised to best advantage, rather than a waste produce to be disposed of
In partnership with SA Water, Council will consider rationalising stand pipes and developing a multi manifold service	4.12 Provide opportunities for all Kangaroo Island residents to have access to potable water supplies

5.4.5 Asset Services- Recreation

Function	Operating (Recurrent) Expenses	Capital Income	Capital Expenditure	Revenue	Net Total
Parks & Gardens	358,764			0	358,764
Playgrounds	20,875			0	20,875

Projects for 2010/11 include	Strategic Objectives to be achieved
To value our volunteers	5.1 That we are able to support, fund, resource and appreciate our many valued Community Volunteers
Continued support for youth services ventures such as youth week	5.4 To encourage and support youth services
Community Passenger Network (CPN) continuation of works to establish viability of a public transport means	5.10 To provide transport services for disadvantaged community members within budget constraints
Continue to implement the recommendations of the Library Review	5.5 To ensure the existence of a community library that addresses the needs of both community and visitors
Continued equitable contribution to the TOMM project and implement CPM outcomes for better decision making	5.7 Council supports their involvement with TOMM & CPM and continues to use the outcomes to inform better decision making

Implementation of HR and OHSW Management Systems	5.12 To develop and maintain a human resource management system 5.13 To develop and maintain an OHS&W management system
Implement improvements in the payroll system to ensure efficiency and better financial reporting	5.12 To develop and maintain a human resource management system
Records management continue to be a focus for the organisation	5.11 To maintain a compliant and efficient records management system
Continue to provide IT and Website services to the community	5.9 To ensure Council maximises use of current IT system
Continue to communicate effectively to our community	5.6 To improve and enhance public consultation and interaction with the community 5.8 To improve and enhance the availability of public information

6.0 MEASURING PERFORMANCE – OBJECTIVES FOR THE YEAR

To enable both the Council and the Community to assess Council's performance over the 2011 - 2012 year, 'Performance Targets' have been set for a number of selected activities as shown below.

These 'Performance Targets' will be reviewed throughout the year. A report on the performance outcomes will then be included in the 2011 – 2012 Annual Report and the 2012 - 2013 Annual Business Plan.

6.1 Annual Action Plan

The Business Action Plan is derived from the current Strategic Plan and is reviewed each year to ensure that it aligns to that year's budget.
(Refer Appendix B – Kangaroo Island Council Strategic Plan 2010-2014).

6.2 Comparative Performance Measurement (CPM) Survey

The Kangaroo Island Council participates in the Local Government survey (CPM) of property owners in Council's area to assess their satisfaction with the four key areas; governance, community satisfaction, financial and asset management and quality of life compared to other Council areas within South Australia. It is Council's aim to achieve at least better than State average for all categories.

6.3 Tourism Optimisation Management Model (TOMM) Resident and Visitor Surveys

The Kangaroo Island Council is a key stakeholder in the TOMM project. The TOMM project surveys residents and visitors on an annual basis. As a funding partner Council is entitled to ask a number of questions of residents and visitors. The results will be utilised to measure and improve Council's performance and services where possible.

6.4 Target Financial Indicators

Whilst indicators provide a ready assessment of financial performance and sustainability, they need to be interpreted in the context of Council's operating environment. They do not replace the need for sound judgement.
(Refer to Appendix C Financial Statements; a detailed listing of financial targets exists)

Summary of Financial Indicators

	0304	0405	0506	0607	0708	0809	0910	1011	DRAFT 11/12
Operating Surplus Target 1									
Target 2									
Operating Surplus Ratio									
Net Financial Liabilities									
Net Financial Liabilities Ratio									
Interest Cover Ratio									
Asset Sustainability Ratio									
Asset Consumption Ratio									

- **Financial Indicator 1: Operating Surplus**

- An operating surplus indicates the extent to which operating revenue is sufficient to meet all operating expenses including depreciation and consequently the burden of expenses is being met by current ratepayers.
- An operating deficit occurs when total operating expenses exceed total operating revenues and consequently the burden of a portion of expenses will need to be met by future ratepayers.
- ***Proposed Performance Targets***
 - To achieve a breakeven position within 10 years.
 - To achieve a reducing operating deficit.

- **Financial Indicator 2: Operating Surplus Ratio**

- The ratio expresses the operating surplus (deficit) as a percentage of general and other rates, net of rebates.
- A negative ratio indicates the percentage increase in total rates required to achieve a break-even operating result.
- A positive ratio indicates the percentage of total rates available to fund capital expenditure over and above the level of depreciation expense without increasing Council's level of net financial liabilities. If this amount is not required for capital expenditure it reduces the level of net financial liabilities
- ***Proposed Performance Target***
 - To achieve and maintain a break even position within 10 years.

- **Financial Indicator 3: Net Financial Liabilities**
 - Net Financial Liabilities measures Council's total indebtedness. Net Financial Liabilities is broader measure than net debt as it includes all of Council's obligations including provisions for employee entitlements and creditors.
 - The level of net financial liabilities increases when a net borrowing result occurs in a financial year and will result in Council incurring liabilities and or reducing financial assets.
 - The level of net financial liabilities decreases when a net lending result occurs in a financial year and will result in Council purchasing financial assets and or repaying liabilities.
 - ***Proposed Performance Target***
 - Council's level of net financial liabilities is no greater than 100% of its annual operating revenue.

- **Financial Indicator 4: Net Financial Liabilities Ratio**
 - This ratio identifies how significant is the net amount owed compared with income.
 - ***Proposed Performance Target***
 - Net Financial Liabilities ratio is greater than 0 % but less than 100% of total operating revenue.

- **Financial Indicator 5: Interest Cover Ratio**
 - This ratio identifies how much income is used in paying interest on loans. The ratio indicates the extent to which Council's operating revenues are committed to interest expenses.
 - ***Proposed Performance Target***
 - Net Interest is less than 10% of operating revenue.

- **Financial Indicator 6: Asset Sustainability Ratio**
 - This ratio identifies if assets are being replaced at the rate they are wearing out. The ratio is calculated by determining Capital Expenditure on renewal or replacement of existing depreciable assets / depreciation expenses.
 - ***Proposed Performance Target***
 - Capital outlays on renewing / replacing assets net of proceeds from sale of replaced assets is greater than 90% but less than 110% of depreciation over a rolling 3 year period.

- **Financial Indicator 7: Asset Consumption Ratio**
 - Indicates the average proportion of "as new" condition left in assets. Total written down value of depreciable assets / total reported value of depreciable assets before accumulated depreciation.
 - It highlights the aged condition of Council's stock of physical assets and the potential magnitude of capital outlays required in future to preserve their service potential.
 - ***Proposed Performance Target***
 - The average proportion of "as new condition" left in assets is greater than 40% and less than 80%.

7.0 FUNDING THE BUSINESS PLAN

Council adopted its Long Term Financial Plan (LTFP) in November 2008. The LTFP had 3 main assumptions forming the basis of the plan. The assumptions of the LTFP are:

- 1) a new source of income that would raise \$1.5m per annum;
- 2) the inclusion of the planned optimal renewal expenditure of assets as per the asset management plan, and;
- 3) rates revenue increased at 2% above CPI.

For the purposes of preparing the 2011-12 Annual Business Plan, only assumption 3 has been included, which was also included in the 2010-2011 budget. To date, Council has not found a solution to its underlying financial deficit, but is continuing discussions with both the State and Federal Governments to assist Council overcome this challenge and achieve its aim of becoming financially sustainable.

It is noted that Council's Long term Financial Plan is currently under review pending the adoption of the current Annual Business Plan and Budget.

Council has budgeted for an expected operating deficit of \$4.8m for 2011-12. The operating deficit is the difference between operating revenue and expenses for the year. Amongst other things, Council's long term financial sustainability is dependent on ensuring that over time, its expenses are less than its revenue.

Council's revenue in 2011-12 includes \$4.7m proposed to be raised from general rates. Other sources of revenue and funding for Council are as follows:

- **User pay charges set by Council:** These comprise charges for Council's fee based facilities and some services (*refer appendix D for a full list of Council's fees and charges*).
- **Statutory Charges set by State Government:** These are fees and charges set by regulation and collected by Council for Regulatory functions such as assessment of development applications. Revenues generally offset the cost of the service.
- **Grants and Partnerships:** Council normally seeks to attract as much grant funding as possible from other levels of government, and major projects of wider State benefit are usually joint funded in partnership with State Government and other relevant parties. It is worth noting that it has been indicated that Council's level of operating financial assistance grants from the Local Government Grants Commission continue to decrease, and this trend is expected to continue into the near future.

Income Sources 2010 - 2011

7.1 Impact on Council's Financial Position

After taking account of planned net outlays on existing and new assets in 2011-2012, Council's net borrowings are expected to be up to a limit of \$0.8m, depending on the activation of capital works projects if applicable funding is sourced. Accordingly, the level of Council's net financial liabilities may increase to an approximate level of \$9.9m at 30th June 2012.

Net Financial Liabilities is a key indicator of Council's financial position. It measures total liabilities less financial assets (i.e. what Council owes to others less money Council has or is owed).

The expected level of net financial liabilities at 30th June 2012 represents 81% of estimated operating revenue in 2011-2012. This compares with a targeted level for this indicator of between 0 % and 100% of revenue.

7.2 Rating Policy Statement

Each year the rates policy is reviewed (*refer Rating and Rebate Policy 2011 - 2012 Appendix E*).

Council rates are imposed on all rateable properties in the Council area in accordance with the provisions of the Local Government Act 1999.

Council is only able to provide the assets and services expected by the community through the levying and collection of rates, Council's principal source of revenue.

In setting its rates for the 2011/12 financial year, Council has considered the following:

- Kangaroo Island Council's policy for setting and collecting rates from the community covers the following;

Methods used to value land	Adoption of valuations
Business impact statement	Council's revenue raising powers
General rates	Differential rates
Fixed charge	Service rates and charges
NRM levy	Rate concessions
Payment of rates	Late payment of rates
Remission and postponement of rates	Rebate of rates
Sale of land for non payment of rates	Disclaimer

Contact details for rates information

OVERARCHING DOCUMENT RE NOTES STRATEGIC PLAN 2010 – 2014

Overarching Notes on the Strategic Plan 2010-2014

These overarching notes provide the background to the consultative development of the Kangaroo Island Council 2010-2014 Strategic Plan and should be read in conjunction with that document.

Introduction

The Kangaroo Island Council covers an area of approximately 4,400 square kilometres and is home to a resident population of approximately 4,261 (ABS, 2006). The Council was formed in 1996 after the amalgamation of the District Council of Dudley and the District Council of Kingscote. The Island has a number of settlements including; Kingscote, Penneshaw, Parndana, American River, Baudin Beach, Vivonne Bay, Stokes Bay, Island Beach and Emu Bay.

The Kangaroo Island Council is committed to its Community and aims to be; approachable, consultative, cooperative and responsive to their needs. The organisation will endeavour to be financially sound (*as per the 'KI Study'*), efficient, effective, innovative, pro-active, professional and a cooperative regional partner. The Council will work as a team to assist in improving the quality of life on the Island and will evolve, develop and support its people fairly.

Kangaroo Island Council is similar to many of South Australia's local governments and shares many of their challenges. Like many other local governments it must reasonably satisfy the needs of residents and ratepayers on a relatively small income, owing to the complexity of its operating environment and small ratepayer base.

As the KI Study (Comrie, 2008) identifies, KI Council,...governs a large land area (some 443,000 hectares), has a small resident population (4,602 persons¹) and is responsible for managing an extensive network of local roads (1,361kms).

Of the population of 4,261 people on the Island in 2006, 19.4% were aged between 0 and 14 years, 18.7% between 15 and 34 years, 32.5% between 35 and 54 years and 29.4% over 55 years. In 2008, the general trend of an ageing population across Australia was also experienced on Kangaroo Island, with 31% of the population being aged 55 or over, whilst the proportion of people aged between 0 and 34 fell from 38.1% to 37.5%. Council expects that the demographics of the population on the Island will continue to reflect this trend for the life of the strategic plan.

The average growth in property numbers for the 2007/08 and 2008/09 financial years was 1.25%, with growth slowing in 2009/10 to 0.77%. Council does not expect real property development on the Island to exceed 1% in 2011/12. From 2011/12 to 2013/14 Council expects that real property growth will remain within the range of approximately 1.00% per annum.

It is no surprise that KI Council was deemed to be 'financially unsustainable' (Local Government Association of SA, 2005) when assessed by the LGA in 2005.

What KI Council has in its favour is that the Council management and Elected Members appreciate, are concerned about and are working towards meeting the challenges they face in the long term. It is this long-term focus on economic sustainability that engendered discussions between Council and the South Australian Government that led to the 'KI Study' in 2008 (Comrie, 2008). This important study examined the "opportunities for changes in institutional governance and service delivery arrangements involving the Council and other government bodies on the Island" (Comrie, 2008). The findings of the 'KI Study' have informed consultation with the community and decision-making in the KI Council.

Context and Inputs to the Strategic Plan

KI Council is actively involved with other Councils in the Southern and Hills region of South Australia through its membership and/or representation on various regional bodies as illustrated in Figure 1. These regional bodies, in turn, have an active role in setting public policy objectives at the regional level based on both State and National Governments aspirations. In addition, Council continues to support and participate in a number of state-wide and regional committees and forums that have focused on the setting of public policy principally at a regional level. Of vital importance is our connectivity with the community/sector interests of Kangaroo Island either through formal representation on community organisations or indirect relationships with community organisations. These include:

Community Committees formed by Council (Section 41 Committees)

- *Boating Facilities Committee;
- *Roadside Vegetation Management Consultative Committee;
- Town Centres Committee;
- Finance Committee;

- Audit Committee;
- Community Passenger Network.
- Strategic Planning and Development Committee

(*currently under review)

External Boards/Committees that Council is represented on:

- KI Community Housing Association Committee;
- Regional Development Australia;
- Kangaroo Island District Bushfire Prevention Committee;
- Tourism KI;
- Road Safety SA;
- KI Ports Management Group;
- Kangaroo Island Health Advisory Committee;
- Kangaroo Island Natural Resource Management Board;
- Penneshaw Kangaroo Island Community Business Centre Committee
- Youth Advisory Committee;
- Local Government of SA;
- South and Hills Local Government of SA (Executive and General);
- Southern and Hills Local Government Roads Working Party;
- Fleurieu Regional Waste Authority;
- Tourism Optimisation Management Model Committee (TOMM);
- Zone Emergency Management Committee.

Council Internal Committees (as per applicable Acts/Agreements):-

- OHS Committee;
- Development Assessment Panel;
- Enterprise Bargaining Committee;
- Building Fire Safety Committee;
- Workplace Consultative Committee;
- Airport Security.

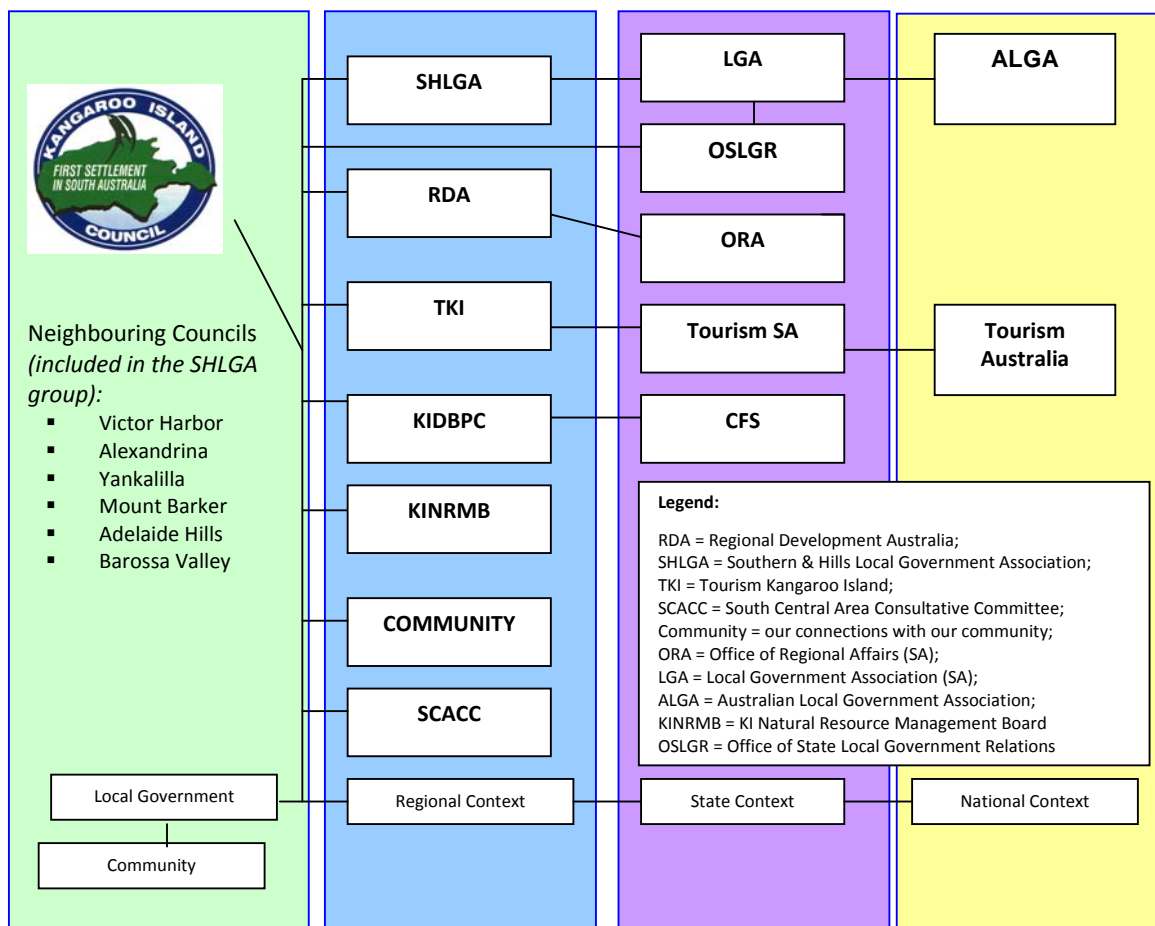

Figure 1: KI Council – Relationship with other Councils, State and Commonwealth Governments

KI Council has adopted its Goals, Objectives and Actions with reference to various Regional, State and National objectives. In particular, KI Council has worked to align its Strategic Management and Action Plan with the relevant targets outlined in the *South Australian Strategic Plan - Creating Opportunity - Moving Forward Together*. KI Council has also aligned its Strategic plan with relevant State Government and Federal Government Departmental plans, the 'KI Study and Future Search common ground outcomes. Indeed, KI Council chooses to give due consideration to those known documents which outline objectives and strategies that are relevant to the economic, social, physical and environmental development and management of the KI Council.

Council intends to continue being an active member of the Southern & Hills Local Government Association (SHLGA) and the Local Government Association of SA (LGA). Rolling consultation programs need to be developed and documented in SHLGA's Strategic Management Plan and the LGA's Strategic Management Plan (as amended, from time to time). It is encouraged that annual regional forums and State forums be convened with the aim of coordinating with neighbouring Councils, regional bodies and State and Federal Governments.

Kangaroo Island Council has also developed a range of plans that also underpins this 2010 - 2014 Strategic plan including the; Long Term Financial plan, Asset Management plans, Development plan, Airport- Master and Strategic plans. These plans will be constantly reviewed during the life of the Strategic plan.

KI Council is also aware that residents and ratepayers who are the KI community wish to participate in decision-making by and about the Council. In response to criticism from the community about the nature of consultation, the KI Council decided to build its 2010-2014 Strategic Plan with input from the community using Future Search as the process.

Future Search

Future Search is a participative planning process that engages all stakeholders in working together. Future Search was used to develop the KI Council Strategic Plan because the KI Council considered that the Strategic Plan is more likely to be effective if it is developed and implemented in collaboration with its community and relevant stakeholders. The KI Council Future Search allowed a cross-section of the KI community to consider the past, present and future and develop a plan to work together to reach a desired future.

What is Future Search?

Future Search is a large group planning meeting that brings diverse people together to work on a specific and task-focused agenda (Weisbord & Janoff, 2000). It is a means of finding common ground and agreement to take action amongst people who may have disparate understanding, interests and agendas. The outcome of a Future Search is commitment by the participants to action plans that are grounded in reality. It is a process that has been used successfully around the world for over 20 years in community and organisational settings.

Future Search engages people in thinking less about past problems and more about the future. Participants examine long-range ideal future scenarios (5-20 years out) rather than problem-solving about the present or fixing past mistakes. With agreed common ground about the ideal future, participants plan actions that will create that ideal future. It's important to note that this is participative planning, is not a team-building exercise. Everyone in the room is a participant; there are no non-stakeholder observers.

The method has the benefit that it embodies the principles of participation and respect that underpin effective consultative processes. This ensures that consultation is built in from the beginning of implementation and that all participants gain direct experience of collaboration and participative decision-making through the Future Search. The foundations created by such a planning method support effective and simpler implementation. The process gives participants opportunities to self-manage and take ownership, share leadership and engage as peers in robust discussion, in an environment focused on the future. New working relationships often develop that lead to productive outcomes, and the process enables stakeholders to take responsibility for their own planning with the result that voluntary cooperation develops and agreed action plans emerge.

KI Council: United in Our Future Search

KI Council sponsored a two-day Future Search (17-18 March 2010) that engaged a large group of people who were representative of the 'whole system' of the KI community. The participants fell into 9 stakeholder groups: elected members; KI Council senior management; KI Council middle management; KI Council staff; ratepayers/residents; traders; agencies; local NGOs; and community groups. The agenda for the Future Search was:

- The past – identifying the significant events, issues and people in the KI Council's past that have created the KI Council's present culture.
- The present – identifying the key trends that exist now that will impact on uniting the KI Council and the community.
- The future – identifying the ideal future for the KI Council – what do we want the KI Council to be in the future?
- Discovering common ground – what do we all want to do to reach our identified desired future?
- Action plans – what will we do together to unite the KI Council and the community?

The Common Ground

It is important to note that whilst Council has endeavoured to include all common ground items in the Strategic Management and Action plan 2010-2014, some of the following common ground items may not be able to be achieved in their entirety over the life of this plan due to budgetary constraints.

The results of the Future Search were 15 common ground statements that participants agreed were important to the desired future for KI Council. The whole group agreed on the statements then self-selected groups prepared action plans that would help achieve these outcomes. These 15 common ground statements and actions have informed the KI Council Strategic Plan 2010-2014 (*within the Strategic Plan they are referred to as CG1-15 with associated actions*). **The following is a verbatim list of the common ground statements and actions;**

Common Ground Item 1 Managing natural resources so they are available for future generations to benefit from and enjoy;

CG1.1 Adopt and implement best practice operating procedures across Council.

- Benchmark against other Councils in Australia to identify best practice
- Use resources of LGA

CG1.2 Develop partnerships with relevant agencies.

- Select agencies for partnerships
- Establish relationships

Common Ground Item2 Secure water resources to be used within sustainable limits to support community and industry growth;

CG2.1 Partnerships with SA water KINRM board to understand water resources – quantity and quality, sustainable limits, demand projections

CG2.2 Storm water – continue to develop and implement stormwater capture, retention and use (subject to available funding)

CG2.3 Development planning – plan for water resource management/efficiencies in new development

CG2.4 These actions may already be happening → continue to improve

Common Ground Item 3 Together, with the gathering and sharing of opinions, taking into consideration the transparency that goes with this process, Council will consider seeking public views on the way they would like to be consulted;

CG3.1 Consultation “Action Plan”

- Ask community what they want
 - Analyse forms of consultation e.g. words uses, frameworks, environments
- Impart results back to community
 - Investigate completing the circuit
- Explore and encourage the participation of the public in the process
- Five key words: Consultation, Engagement, Communication, Participation, Responsiveness

CG3.2 A manner in which the results of consultation are imparted back to the Community should be developed, and the Participation of the Public be fully explored and encouraged

Common Ground Item 4 Work to achieve ongoing financial sustainability through additional external funding sources;

CG4.1 In conjunction with the LGA work through the implementation of the financial sustainability review actions

CG4.2 Pursue the newly elected state government and MP's for the provision of an ongoing new funding/income/fee stream

CG4.3 Continue investigating and implementing internal efficiencies and effective use of resources

CG4.4 Advocate with the Federal Government/State Government for a greater share of R2R grant funds or alike

CG4.5 In collaboration with RDA advocate for greater grant funds in K.I.

CG4.6 Actively source and apply for grant funds for key infrastructure/projects

CG4.7 Access funds for R + D funding for a pilot program on improved unsealed road treatments

Common Ground Item 5 Council views rubbish, sewage waste and recycling as resources to be utilised to best advantage, rather than as a waste product to be disposed of. Wherever possible, material from the waste system is to be recycled and reused, rather than thrown away. In managing its waste stream, council will be innovative and efficient and will also encourage ratepayers to compost their kitchen waste themselves. Council currently has a very efficient solid waste collection system, mulches its green waste and treats the Kingscote sewage waste. The effluent from the treatment plant is treated and disposed of via irrigation. Bio-solids from septic tank pump outs is de-watered and the water used in composting the green waste.

Shortly Council will mix the de-watered bio-solids and green waste, compost it to kill harmful microorganisms and thus produce high quality soil enhances;

- CG5.1 Review Contract arrangements with Fleurieu Waste Authority
- CG5.2 Continue to monitor opportunities for specific waste stream e.g. E-waste
- CG5.3 Continue to actively monitor waste technologies
- CG5.4 Lobby state government for continued broadening of container legislation
- CG5.5 Continue waste education campaign
- CG5.6 Plan roll out of sewerage provisions to outlying areas

Common Ground Item 6 Community Facilities;

- Providing recreational areas
- Little or no impact on environment
- Leave only footprints
- Health and wellbeing
- Accessibility to provide mobility in a safe manner

- CG6.1 Provide recreational areas and links that have little or no environmental impact with safe access to promote health and well being for all
- CG6.2 Continue to emphasise the “leave only footprints” mentality

Common Ground Item 7 KI Council will provide within its capacity, the infrastructure and facilities to meet the needs of residents and visitors;

- CG7.1 Identify areas in all towns where access pathways are required
 - Gophers
 - Elderly and disabled
 - Prams, etc
- CG7.2 Engage community e.g. (progress, bike groups) to establish appropriate locations/routes of bicycle paths
- CG7.3 Continue to assess, establish new, and upgrade current recreational facilities as per the camping and day visitor strategy plan
- CG7.4 Continue to support community groups in developing facilities that are multi-use centres for sport and recreation
- CG7.5 Identify key areas across island that safe access pathways are required e.g. beach access
- CG7.6 Assist community groups to access funding to implement short term objectives

Common Ground Item 8 An increase in sustainable tourism which is supported by local economic returns, improved infrastructure and which does not have a negative impact on residents or the environment and existing facilities i.e. “TOMM” in a nutshell. A controlled increase in sustainable tourism;

- CG8.1 Ensure TOMM continues, embraced, used and understood by community
- CG8.2 Support Watergap project
- CG8.3 KI strategic tourism plan – review
- CG8.4 Emphasis on seasonality – all year round destination
- CG8.5 Supporting infrastructure development in relation to points of entry e.g.: Ferry/Airport terminals
- CG8.6 DPA's
- CG8.7 Product gaps – address e.g.
 - Walking trails
 - Cycling trails
 - Camping and day facilities

- Food and wine experiences
- Horse riding trails
- Accommodation/conference facilities

CG8.8 Continued involvement of council and tourism in KIPMG into the long term

Common Ground Item 9 KI Council will work to facilitate alternative power generation and distribution on Kangaroo Island and ensure planning policies encourage alternative energy use;

CG9.1 Work towards legislative change of that Council can have one or more of-

- Renewal energy
- Solar hot water
- Bioseptics
- Energy conservation, etc

CG9.2 Change development requirements to stipulate in the plans of any future developments (within reason)

- Energy sustainable suburb? Create or change
- Continue to work with private sector suppliers to provide opportunities for residents and businesses to access renewable energy including stand alone and back → grid
- Lobby State/Federal government regarding regulator and distribution network agency to ensure maximum benefit is attained
- Work with RDA to develop a review of KI energy options working from investigations already undertaken
- Rebates off rates/taxes for energy/water efficiencies
- All new developments to have regulated environment rating

Common Ground Item 10 Create a 'One Stop Shop' co-locating key agencies on Kangaroo Island which could result in the reduction of;

- Overhead costs
- Inefficiencies
- Lack of communication/goals etc

But would benefit;

- Greater co-cooperation/ collaboration between agencies

Which is an overall long-term goal.

CG10.1 Identify key agencies

CG10.2 Test feasibility of sharing (e.g. hospital functions etc)

CG10.3 Investigate alternatives

CG10.4 Make arrangements with key agencies

CG10.5 Map requirements and services to potential efficiencies (inefficiencies)

CG10.6 Identify potential location

CG10.7 Identify resourcing/costing implications

CG10.8 Implement

Common Ground Item 11 That we are able to support, fund, resource and appreciate our many valued Community Volunteers;

CG11.1 Continue community partnerships programs

CG11.2 Investigate alternative and further funding for C.P's

CG11.3 Annual recognition of community groups and volunteers

Common Ground Item 12 Improve access to KI through;

- Passenger vehicle and freight subsidies from state and federal government (to address issues of demonstrated disadvantage, equity and policy precedent) and thereby mitigate barriers to:
 - Tourism
 - Population growth
 - Business attraction/ expansion
 - Social inclusion

- Enhanced points of entry/departure (Ports, Airports) so that there is appropriate “sense of arrival”, capacity (freight/passengers) and amenity
- The development of ports and marinas for social and economic benefit
- The Council will consider alternate road bases to improve road surfaces and maintenance. It will conduct trials of various methods of construction of unsealed pavements, in particular, the use of Polymer Binders, or similar. It will integrate the results into Asset Management Plan Road modelling provision of community transport.

CG12.1 Lobby/advocate State/Federal Government

CG12.2 Develop inter-agency “whole of island” support for Watergap

CG12.3 Develop government agency SPT for WG

CG12.4 Work with SA Tourism Commission (SATC) Tourism Kangaroo Island (TKI) and Regional Development Australia (RDA) to identify funding opportunities

CG12.5 Cogently ID community TPT needs

CG12.6 Seek reallocation of wharfage charges to Port Dev (LI/Pen)

CG12.7 Include in state infrastructure plan (Ports/Airport)

CG12.8 Actively encourage private sector investment

CG12.9 Develop Penneshaw wharf precinct development plan

Common Ground Item 13 We will explore with the community the implications of population change on lifestyle, services and resource capacity to inform decision-making;

CG13.1 Council to commission and prepare an urban and regional growth and Population Study that addresses the benefits and issues associated with population growth over 20 years

CG13.2 Council to make decisions about growth, planning, development, infrastructure, business and tourism using the outcomes/recommendations of the Population Study

Common Ground Item 14 Council will consider alternate road bases to improve road surfaces and maintenance. It will conduct trials of various methods of construction of unsealed pavements, in particular, the use of Polymer Binders, or similar. It will integrate the results into the Road Asset Management Plan;

CG14.1 Visit trial sites of other councils – e.g. DC Coonaplyn and DC Goyder

CG14.2 Trial alternate methods of constructing unsealed pavements using polymer binding

- Develop costs associated with trials that could be undertaken on K.I.
- Include costs into 10/11 budget to undertake a sample trial in order to develop a process for future trials and documentation to record results from concept through to monitoring state

CG14.3 Set program of use of polymer binders or alternatives into asset management plan long term strategy

CG14.4 Develop a register of potential borrow pit sites and negotiate agreement with land owners for long term access

CG14.5 Force stronger links with development services department to ensure adequate information of resources available

CG14.6 Explore long term water sustainability for long term construction use

CG14.7 Integrate geo-thermal assessments as part of construction and monitoring process

Common Ground Item 15 Through enhanced biosecurity measures maintain the quality of KI agricultural produce and GMO-free status and natural biodiversity. KI to become an internationally recognised “food bowl” through marketing of GMO-free produce;

CG15.1 Enhance biosecurity measures to maintain the quality of KI agricultural produce, preserve GMO-free status and natural biodiversity

CG15.2 Develop international reputation for KI as a ‘food bowl’ for GMO free produce

The Strategic Management and Action Plan

The Strategic Management and Action Plan 2010-2014 its Vision, Values and Mission is the document used to develop the Annual Business Plan and Budget which provides specific targets for the year. Council's performance will be reported to ratepayers, residents and other stakeholders via the Annual Report, KI Matters Newsletter, Council Matters (the weekly article in The Islander), website, public consultation forums and monthly Council reports. Council's Budget provides the financial resources to achieve Council's Vision, Goals and Objectives.

Monitoring Performance

KI Council is committed to monitoring and assessing the performance of Council over the life of this Strategic Management and Action Plan by;

- Compliance with performance targets set in this Strategic Management Plan.
- Commencing a performance management system for senior executive officers that link with the performance targets set in this Strategic Management Plan, the Business Plan and Budget.
- Monthly reports to Council that provide details of the current status of the implementation of this Business Plan, quarterly financial performance of Council (actual revenues and expenses compared to budgeted amounts) and other periodic reports as requested by Council from time to time.
- The preparation of an Annual Report that includes information about progress towards performance targets.
- A Council web site <http://www.kangarooisland.sa.gov.au/> that includes information about Council performance.
- The ballot box (at Council elections) as another method of assessing Council performance.
- Participating in Statewide LGA customer satisfaction surveys and communicating the results on the performance monitoring of Council.
- Actively participating in all forms of best practice, benchmark, surveys, community consultations and engagement forums.

KI Council Rating Policy

KI Council will review on an annual basis its Rating Policy in the context of the objectives and activities detailed in its Strategic Management Plans and with regard to other issues that may arise from time to time.

Regulatory Activities

KI Council carries out the following regulatory activities:

- Building Control
- Planning Services
- Environmental Health Services
- Dog & Cat Control
- Waste Control
- Traffic Control
- Occupational, Health and Safety
- Fire Risk Management

The organisational structure of KI Council separates its regulatory activities from operational activities, where practical.

Development Assessment Panel

The Development Act 1993 requires all Councils to establish a Development Assessment Panel as the authority under the *Development Act* to assess development applications.

The creation of the Panel by Council is to ensure that Panel Members make development decisions as a relevant authority under the *Development Act* having sole regard to the Development Plan and any referral advice to determine the merits of the proposal. The *Local Government Act 1999* does not apply to the Development Assessment Panel.

Membership of the Panel, meeting procedures, and reporting requirements are all determined by Council. Council is required to review the operation, protocols and processes of the Development Assessment Panel at least annually to ensure that the structure and delegations continue to efficiently and effectively fulfil the Development Assessment role. Council can also review the Development Assessment Panel at any time if considered necessary.

Summary

Kangaroo Island Council recognises that there are many challenges ahead and the most critical issue is the long term financial sustainability of this Council in order to provide the Community and Visitors with roads that are safe and services that are much needed and relevant.

Kangaroo Island Council Strategic Plan 2010 - 2014

COMMONLY USED ACRONYMS

Legend

AGKI	Agriculture Kangaroo Island
AS	Asset Services
ASC	Airport Services Co-ordinator
CA	Co-ordinator Assets
CCM	Co-ordinator Construction Maintenance
CE&MM	Community Engagement & Marketing Manager
CEO	Chief Executive Officer
CFS	Country Fire Service
CICSSO	Community Information Customer Service Senior Officer
CPM	Comparative Performance Measurement
CG	Common Ground
CPN	Community Passenger Network
CWMS	Community Wastewater Management Scheme
DAP	Development Assessment Panel
DECS	Department of Education & Children's Services
DENR	Department of Environment & Natural Resources
DPA	Development Plan Amendment
DSA	Developmental Services Adviser
DTEI	Department for Transport, Energy & Infrastructure
EHO	Environmental Health Officer
EM	Elected Members
EPA	Environment Protection Authority
ETSA	Electricity Trust of SA
FIN	Finance Officer
FPO	Fire Prevention Officer
FSA	Financial Services Advisor
FSCG	Future Search Common Ground
FWS	Finding Workable Solutions
FY	Financial Year
GI	General Inspector
GMAS	General Manager Asset Services
GMO	Genetically Modified Organisms
IMO	Information Management Officer
ITS	Information Technology Support
KIC	Kangaroo Island Council
KICE	Kangaroo Island Community Education
KICHA	KI Community Housing Association
KIEOC	KI Emergency Operational Committee
KIHS	KI Health Service
KINRM	Kangaroo Island Natural Resource Management
KPIs	Key Performance Indicators
KIS	KI Study (Recommendations 1-11)
KIPMG	KI Ports Management Group
LG	Local Government
LGA	Local Government Association
LGAWCS	LGA Workers Compensation Scheme
MOU	Memorandum of Understanding
NV Council	Native Vegetation Council
PDs	Position Description
PIRSA	Primary Industries & Resources SA
PLC	People, Learning & Communication General Mgr
PLCO	People, Learning & Communication Officer
PMAS	Project Manager Asset Services
PO	Payroll Officer
PPRADS	Professional Performance Review and Development System
R2R	Roads to Recovery
R&D	Research & Development
RDA	Regional Development Australia
RDIF	Regional Development Infrastructure Fund
SAG	South Australian Government
SATC	South Australian Tourism Commission
SHLGA	Southern Hills Local Government Association
TKI	Tourism Kangaroo Island
SMT	Senior Managers Team
SSP	State Strategic Plan
TOMM	Tourism Optimisation Management Model
YAC	Youth Advisory Committee
ZEMC	Zone Emergency Management Committee

GOALS, OBJECTIVES, ACTIONS AND PERFORMANCE INDICATORS

The 5 key areas reflecting Council's structure: Governance/Development Services/Finance & Rates/Asset Services/People, Learning & Communications are not listed in order of importance.

1 Governance					
Goal: To ensure Council meets its legislative obligations and requirements through transparent, equitable and accountable processes, whilst delivering sustainable services to the Kangaroo Island Community.					
Objective	Actions	Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.1 Work to achieve ongoing financial sustainability through additional funding sources.	1.1.1 Pursue the newly elected State Government and MPs for the provision of an ongoing new funding/income/fee stream. High	State Government assistance has been sought and the following options considered: <ul style="list-style-type: none"> local roads become state managed local roads levy sustainable injection of funds watergap project subsidy 	2010	CEO/Mayor	CG4 CG4.2 CG12 KIS8
		A report is developed that quantifying the negative impact that has been reported through the Access Economics Impact Study re the levy	2010	CEO	CG4 CG4.2
		Infrastructure Asset Management Plans are adhered to	2010/14		CG4 CG8
	1.1.2 Continue investigating and implementing internal efficiencies and effective use of resources. High	All areas of the organisation have been reviewed and all outstanding internal controls have been addressed	2010		CG4 CG4.3
	1.1.3 Explore private and government agency partnerships to establish cost effective projects High	Further Shared Service arrangements with neighbouring Councils are developed.	2010/14	CEO / Mayor	
		Joint projects/funding opportunities with Government agencies and/or private sector are identified and explored.	2010/14		
	1.1.4 Continue to lobby Governments with a consistent message regarding inadequate financial resourcing V High	LGA and other key government agencies provide ongoing support and assistance	2010/14	CEO / Mayor	CG12.1
	1.1.5 Continue to lobby State and Federal Governments regarding access to and from the Island High	Clarification on the position of the two levels of Government re the watergap project has been sought	2010/14	Mayor / CEO	CG8.2 CG12 CG12.3

1 Governance						
Objective	Actions		Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.2 In conjunction with key agencies; Ministers, on and off Island staff and Governing Bodies, investigate the possibility of creating a 'One Stop Shop' co-locating key agencies on Kangaroo Island which could result in the reduction of: <ul style="list-style-type: none"> Overhead costs Inefficiencies Lack of communication/goals etc The benefits would include: <ul style="list-style-type: none"> Greater co-cooperation/ collaboration between agencies (KIS4)	1.2.1 Med	Identify key agencies and obtain commitment	Key agencies identified and commitment obtained	2010/14	Agencies	CG10 CG10.1
	1.2.2 Med	Test feasibility of sharing (e.g. hospital functions, customer service areas, depots etc)	Feasibility study has been conducted subject to commitment	2010/14	Agencies PLC	CG10 CG10.2
	1.2.3 Med	Investigate alternatives	Alternatives investigated subject to commitment	2010/14	Agencies	CG10 CG10.3
	1.2.4 Med	Make agreements/MOU with key agencies	MOU/agreements in place subject to commitment	2010/14	Agencies	CG10 CG10.4 CG1.2
	1.2.5 Med	Map requirements and services to potential efficiencies (inefficiencies)	Efficiencies and inefficiencies against the services have been mapped subject to commitment	2010/14	Agencies	CG10 CG10.5
	1.2.6 Med	Identify potential location	Location identified subject to commitment	2010/14	Agencies	CG10 CG10.6
	1.2.7 Med	Identify resourcing/costing implications	Cost implications and resourcing has been identified subject to commitment	2010/14	Agencies	CG10 CG10.7
	1.2.8 Med	Implement new structure	Implemented subject to commitment	2010/14	Agencies	CG10 CG10.8
1.3 To provide good governance that is transparent, equitable and accountable	1.3.1 High	Develop a 4 Year Strategic Plan	4 Year Strategic Plan adopted	2010		
			Strategic Plan Reviewed	Annual		
			Strategic Plan comprehensive review undertaken	2014		
	1.3.2 High	Develop a ten year Long Term Financial Plan	Ten year Long Term Financial Plan adopted	2010		
			Ten Year Long Term Financial Plan reviewed	Annual		
	1.3.3 High	Develop Annual Business Plan	Annual Business Plan adopted	Annual		
			Fees and charges reviewed annually	Annual		
	1.3.4 High	Develop a Risk Management Plan	Risk Management Plan Adopted	2010/11		
	1.3.5 High	Continue to develop and maintain the Records Management System	Records Management System complies with Australian Standards ISO 15489-2002	2010/14		
	1.3.6 High	Establish policies, procedures and codes of practice to enable appropriate delegation, prompt decisions and compliance with relevant legislation	Council has the policies, procedures and codes of practice that address current needs, expectations and legislative requirements	2010/14		
			Delegations reviewed	Annual		
			Audit Work Plan that addresses outstanding internal controls has been implemented	2010	SMT	

1 Governance						
Objectives	Actions		Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.3 To provide good governance that is transparent, equitable and accountable ...cont	1.3.7 High	Implement recommendations/actions from current audits/reviews	Actions from current audits/reviews are completed	2010/11		
1.4 To develop the Strategic Plan as an "evolving" document High	1.4.1	Develop and implement reporting procedures, where internal reporting is tied to the Strategic Plan/Business Plan	Reports to Council reference linkages to the Business Plan	Monthly		
	1.4.2	Establish a reporting framework for the Plan that provides the opportunity for refinement and continual review	Formal annual review is completed	Annual		
	1.4.3	Report at least twice yearly against strategic plan and provide this information to community and agency stakeholders	Review of actions is undertaken.	Bi-annual (minimum)		
			Results of the review are provided to the community twice yearly through the KI Matters and Community Consultation meetings	Bi-annual		
1.5 To encourage the involvement of a broad range of community stakeholders in Council's strategic planning High	1.5.1	Work closely with community, businesses and townships to engage them in Council's strategic planning	Forums and meetings have been conducted and the community involved in Council's strategic planning	2010/14		
1.6 Council work in collaboration with Southern Hills LGA Councils and other Councils with similar regional challenges for the purpose of identifying synergies for resource sharing and strategic collaboration (KIS5) High	1.6.1	Attend meetings/forums and report back to Council. Explore other opportunities that may exist	Involvement and discussions on regionalisation of services i.e. RDA, Waste, DAP, CWMS, IT, Finance have been reported to Council	2010/14		
	1.6.2	Formally approach the Councils deemed to have similar challenges/synergies	Meetings with Councils are being conducted	2010/11	CEO	
1.7 Council to explore LGA and Local Government Research and Development Scheme support to pilot work that may have potential for application elsewhere in the South Australian and local government sector (CG1.1) (KIS5) Medium	1.7.1	Seek funding to generate opportunities to hold training courses on Kangaroo Island	Training courses are funded and held on Kangaroo Island	2011/14	PLC	
	1.7.2	Seek subsidy through LGA to attend training courses	Funding is provided through LGA to attend training courses	2011/14	PLC	
	1.7.3	Seek funding and assistance re Pilots and cost analysis for outsourcing or centralising key services as it relates to the recommendations of KI Study	LG Research and Development Scheme are involved in pilots and centralised services	2010/14	FIN	
1.8 To encourage the involvement of other government agencies to improve linkages between strategic plans Medium	1.8.1	Annual review of the Strategic Plan and seek feedback	Applicable agencies are invited to strategic plan forum	2010/14		
			Council actively participate in other Agencies Strategic Planning process	2010/14	Agencies	

1 Governance					
Objectives	Actions	Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.9 To develop strategic partnerships with other agencies (see also 1.5)	1.9.1 Forums, workshops to be held with other key agencies and stakeholder groups regarding specific Council and community issues	Council issues are on the agenda of forums and workshops with stakeholder groups.	2010/14		KIS4
		Key Agencies issues on Council's agenda	2010/14	Agencies	KIS4
		Council is engaging with other agencies and stakeholder groups	2010/14		KIS4
		Involvement with Strategic Alliance Group is ongoing with clear terms of reference being adopted	2010/14	SMT	KIS4
	1.9.2 Council to be represented on appropriate committees ie see External Committees and Boards and non Council Committees list	Council is appropriately represented on applicable committees and boards and this is ratified every November Council Meeting	Annual	Boards/ Committees	
1.10 To work with the LGA in support of local government issues	1.10.1 Continue to utilise LGA and S&H LGA resources	LGA and SHLGA are supportive and involved in the recommendations of KI Study	2010/14		
	1.10.2 Investigate opportunities for the LGA to assist Council	LGA is the first point of contact for assistance/advice before engaging other organisations i.e. EBA, Legal	2010/14		CG1.1
	1.10.3 Attend LGA seminars/conferences and training programs	Applicable/budgeted seminars/conferences and training sessions identified through the PPRADS process for staff and the Training Needs Analysis for Elected Members are attended and completed	2010/14		
	1.10.4 Obtain list of services provided by LGA	Services provided by the LGA are identified and aligned to our requirements	2010/14		
	1.10.5 Recommendations / actions of the KI Study be implemented	Recommendations / actions have been incorporated into work plan	2010/14	SMT	
	1.10.6 Explore opportunities with ALGA	Contacts established and potential benefits are identified and reported back to Council	2010/14		
1.11 To improve staff consultation	1.11.1 Hold regular staff meetings and develop a process for informing staff prior to information being released to the community	Council has in place a process for informing staff prior to information being released to the community	2010/14	SMT	
		Scheduled monthly staff meetings are implemented	Monthly	SMT	
		Intranet is developed	2010/14	PLC	
1.12 To improve communication with Elected Members	1.12.1 Develop training plan for Elected Members	A training plan for Elected Members is adopted	Annual	PLC	
	1.12.2 Make use of Informal Gatherings for information sharing	Informal Gatherings for information sharing are conducted	2010/14	EM	
	1.12.3 Review reporting arrangements to Council focussing on strategic issues	Council are kept up to date through the monthly business plan status report	2010/14	SMT	

1 Governance					
Objectives	Actions	Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.13 To educate the community on the values and responsibilities of being an elected member	1.13.1 To implement the LGA campaign/regulations leading up to the next General Election	Council has implemented the LGA campaign/regulations strategy leading up to the November 2010 election	2010/11		
	1.13.2 Work with the local media to positively promote Council	Increased voter and nomination participation in elections	2010/11	CEO / EM	
	1.13.3 Council establish applicable training sessions for the community prior and after the elections	Training sessions have been identified and scheduled	2010/14		
	1.13.4 Council develop a strategic communication plan for the lead up to the local government elections	Communication plan developed	2010		
	1.13.5 Establish education session for community members on Council committees	Education sessions are being conducted	2010/14		
1.14 To comply with the Local Government legislative requirements High	1.14.1 Ensure there is an updated calendar of requirements and ensure compliance from legislative compliance audit and it is reflected in the Annual Business Plan	Legislative requirements have been reviewed and are reflected in the Annual Business Plan	Annual	SMT	
1.15 Align Council, State and Infrastructure Strategic Plans	1.15.1 Ensure that Council's Strategic Plan aligns with all the applicable objectives of the State and Infrastructure Strategic Plan	Objectives/actions are identified throughout Council's Strategic Plan	2010	CEO	
	1.15.2 Council to advocate the inclusion of Island issues within the State Strategic/Infrastructure Plans	Advocacy has occurred	2010/14	CEO/Mayor	
1.16 To continue to use & encourage the use of existing and external research to inform better decision making	1.16.1 Identify like objectives/actions between Council Strategic Plan and State Strategic Plan	Like objectives/actions have been identified and are used in discussions with Ministers to strengthen Council issues	2010/14	CEO / EM	
	1.16.2 Identify the existing research documents to inform Council decision making	Research documents relevant to Council decisions are sourced	2010/14		
1.17 Report the status of the KI Study to the Minister for State/Local Government Relations and Council High	1.17.1 Report to Council/Minister when required	Reports to be tabled at the following applicable Meeting of Council	2010/14	CEO	KIS 11
	1.17.2 Organise regular meetings with other applicable Ministers	Regular meetings held	2010/14	EM / CEO	
	1.17.3 Seek regular advice from the Department of the State and Local Government / LGA	Applicable advice is sought when required	2010/14	CEO / Mayor	
	1.17.4 Seek response from the Ministerial Group when required	Request is made to the Ministerial Group on feedback	2010/14	CEO / Mayor	

1 Governance					
Objectives	Actions	Key Performance Indicators	Timeline	Responsibility Other Areas	Reference
1.18 To sustainably manage, in partnership, our natural environment (CG1)	1.18.1 Regularly engage with Agencies that focus on natural environment issues and be actively involved where appropriate	Other Agencies strategies are incorporated into Council operations	2010/14	AS / DS	
		Council has input into the DENR Plan via forums and workshops	2010/14	AS / DS	
	1.18.2 Continue to lobby State and Federal Government regarding inconsistent legislation and be actively involved in legislative reviews	Council participates in reviews of state and federal legislation	2010/14	CEO	
1.19 To work in partnership with the RDA in developing environmentally sustainable business solutions	1.19.1 To work in partnership to encourage support for solar and wind power options or other renewable energy options	Council actively supports solar and wind power options or other renewable energy options	2010/14		CG9 KIS9
	1.19.2 To work in partnership to continue communications with DTEI/ Ministers/representatives to progress the upgrade of utilities to meet the needs of the community	A utilities/augmentation solution is developed and implemented	2010/14	CEO	KIS 4
	1.19.3 To seek Government support for a review of policies adopted by utilities for the pricing of upgrading and augmenting infrastructure to service new development in regional locations	Government support has been sourced in partnership with RDA	2010/14		KIS 9
	1.19.4 To work in partnership and continue communication with SA Water, Telstra & ETSA to promote required services to KI	Services are improved to meet requirements	2010/14	SMT	
1.20 To build links and partnerships with RDA and LGA to promote economic development	1.20.1 In partnership with the RDA promote and participate in regionally based planning and resource management decisions	Council actively participates with the RDA in regional planning sessions	2010/14	SMT / EM	
	1.20.2 Pursue reform of Commonwealth Parliament Income Tax Act to its residents to receive the remote locality income tax concession in conjunction with LGA and RDA	Outcome of notice of motion re General Meeting has been followed up with LGA	2010/11	CEO	KIS 10
		RDA has been engaged to advocate on KI's behalf	2010/11	EM Rep	KIS 10
	1.20.3 Encourage RDA to advocate on behalf of agriculture, fisheries, food & wine and tourism industries for the purpose of maximising opportunities and mitigating barriers	RDA is advocating on behalf of these industries	2010/14	LG Rep	CG8 CG8.7
	1.20.4 Support key projects of the RDA ie watergap project, investment opportunities	Council is involved in key projects	2010/14	SMT / EM	CG12 CG12.2 CG12.8
	1.20.5 RDA have active involvement in our strategic plan outcomes and KI Study recommendations	RDA involvement is ongoing	2010/14	SMT / EM

3.1 To plan for the financial sustainability of Council.....cont	3.1.8 Develop and review Infrastructure Asset Management Plans (IAMP's) and develop a process of continuous improvementcont	• Other			
		Community land assets are reviewed and disposal list developed	2010/11	AS/SMT	
		Service Levels of assets are reviewed and condition rating of assets are scheduled per asset category	Bi-annually	AS	
	3.1.9 In conjunction with the Audit Committee develop a regular schedule to conduct 'Efficiency and Effectiveness' Audits	An 'Efficiency and Effectiveness' Audit is undertaken into Council operating procedures	2010/14	Audit	
		Council implements findings of audit	2010/14	Audit	
	3.1.10 Undertake a Finance Operations review	Finance operations review is completed	2010/11	SMT/EM	
		Recommendations of the Finance Operations review have been implemented	2010/12	SMT/Audit	
	3.1.11 Conduct a cost analysis to identify payment methods of monies and electronic transfer of notices with the aim to become a cashless organisation	A cost benefit analysis has been conducted	2010/14		
		Cashless transaction methods have been implemented where appropriate	2010/14		
		Implement outcomes of the cost benefit analysis	2010/14		
		Electronic transfer of notices is implemented	2010/14		
	3.1.12 Investigate and consider discount options for early payment of monies	Discount options for early payment of monies investigated and considered	2010/14		
	3.1.13 Continual improvement of "best practice" financial management	Unqualified Audits are achieved annually	2010/14	SMT/EM	
		Engage new external Auditor	2010/11		
	3.1.14 Undertake a cost benefit analysis of the management of collection of fees for the use of Council facilities • Boat Ramps • Campgrounds • Airport Parking	Cost Benefit analysis undertaken	2011/12		
		Risk analysis undertaken	2011/12		
		Recommendations made to Council	2011/12		
	3.1.15 Investigate further the impact of the dedication of vegetation to Heritage status and the potential losses financially suffered by Council	Report produced to Council	2010/14		KIS3
3.2 All rural roads and township streets are given a rural road or street addressing number	3.2.1 Finalise the rural road numbering project and street numbering project to commence	Rural road numbering signs erected	2010/11	AS/IT Support	
		All township streets are numbered	2010/14	AS/IT Support/ Rates	
		The rates database is updated for rural and street numbers	2010/12	AS/IT Support/ Rates	
		Renumbering of Kingscote streets is finalised	2013/14	AS/IT Support/ Rates	

4 Asset Services

Goal: To construct and maintain infrastructure to service the Kangaroo Island Community in an innovative and sustainable manner.

Objective	Action	Key Performance Indicator	Timeline	Responsibility Other Areas	Reference
4.1 To consider and implement the recommendations of the Business Process Review of the Outside Work Area High	4.1.1 Establish the Asset Services Department Structure and locate all staff in appropriate locations	New Structure Finalised	2010/11	CEO	
		Staff located in appropriate locations	2010/11	PLC/CEO	
		Roles and Responsibilities defined	2010/11	PLC/CEO	
	4.1.2 All projects to undergo a detailed analysis to determine appropriate delivery methods	Annual Work Programs prepared	2010/14		
		Cost analysis of delivery methods undertaken	2010/14	FIN	
	4.1.3 Undertake a Skills Analysis to determine skill "gaps" in the area and develop a strategy for obtaining skills required	Skills analysis undertaken	2010/11	PLC	
		Skill development strategy developed	2010/11	PLC	
	4.1.4 Develop and continuously improve customer service culture within the Asset Services Area	Processes to ensure positive cultural change has been implemented	2010/14	PLC	
4.2 To manage Council's Assets in accordance with asset management plans KIS2 High	4.1.5 Implement and continuously improve an engagement program for staff to ensure awareness of organisational objectives and policy	Staff engagements meetings established	2010/14		
	4.1.6 Evaluate the implementation of the recommendations	Evaluation undertaken	2010/11	CEO	
		Directions finalised	2010/11	CEO	
	4.1.7 Improve communications between various Council departments to ensure consistent approaches	Communication strategies between Asset Services and Development Services have been developed	2010/11	DS	CG14.5
		Finance Department has been engaged in project management programs	2010/11	FIN	CG14.5
	4.2.1 Implement work programs in accordance with the Asset Management Plans and collect the appropriate data to ensure ongoing maintenance of the plans	Data captured and entered into Asset Management register as works undertaken	2010/14		CG8
		Work programs developed in accordance with budget constraints and the plan	2010/14		
	4.2.2 Establish a sustainable asset management program	External Asset Management contract to be reviewed	2011/12	FIN	
		Options for alternative models have been developed	2011/12	FIN	
		A sustainable model implemented	2012/13	FIN	
	4.2.3 Dispose of unwanted assets	Register of assets for disposal developed	2010/11		
		Unwanted assets are disposed of	2011/12		
	4.2.4 Benchmarks for service levels within Asset Management Plans are developed	Draft service levels have been prepared	2010/11		
		Public Consultation has been undertaken	2010/11		
		Service levels have been endorsed by Council	2011/12		

4 Asset Services

Objective	Action	Key Performance Indicator	Timeline	Responsibility Other Areas	Reference
4.3 Construct and maintain road infrastructure in an innovative and sustainable manner High	4.3.1 Identify resources available for construction across Kangaroo Island and determine how gaps can be filled	Register of available water resources and borrow pits have been developed	2010/11		CG14.6
		Water and borrow pit resource gaps have been identified	2010/11		CG14.6
		Strategy developed to fill gaps based on Asset Management Plan program	2010/11		CG14.6
	4.3.2 Integrate geo-technical assessments into construction and monitoring process of major projects	Projects identified that require assessment	2010/14		CG14.7
		Budgets allocated appropriately	2010/14		CG14.7
		Assessments undertaken	2010/14		CG14.7
	4.3.3 Undertake road management program in accordance with budget constraints, Asset Management Plans, service levels and public safety and standards	Work plans derived from AMPs and approved in budget process are completed within budget, safely and to acceptable standard	2011/14		CG14.7
	4.3.4 To develop and implement a sustainable Bridge Maintenance Schedule	Bridge Register has been developed	2011/12		
		Inspection criteria and program developed	2011/12		
		Maintenance schedule incorporated	2011/12		
	4.3.5 Continually review operations, such as patrol grading etc, to ensure most effective operation	Reviews undertaken	2010/14		
		Modified work practices implemented	2010/14		
	4.3.6 Develop and Implement Car Parking Strategies in Kingscote and Penneshaw	Kingscote Car Parking Strategy implemented	2010/11		
		Penneshaw Car and Truck Parking Strategy Implemented	2011/12		
		Compliance with Car Parking Regulations undertaken	2010/14		
4.4 Council will conduct trials of various methods of construction of sealed and unsealed pavements, in particular, the use of Polymer Binders, or similar and will integrate the results into Road Asset Management Plan. (where possible) High	4.4.1 Council will continually be aware of trials of and seek out trials of various techniques	Applicable trial sites visited and relevant research sourced	2010/14		CG14 CG14.1
		Liaison with suppliers of various products undertaken	2010/14		CG14 CG14.1
	4.4.2 Trial alternate methods of constructing sealed and unsealed pavements using alternative technologies • Develop costs associated with trials that could be undertaken on K.I	Trials and monitoring on Kangaroo Island undertaken	2010/14		CG14 CG14.2
		Full cost analysis of options prepared	2010/14	FIN	CG14 CG14.2
	4.4.3 Set program of use of polymer binders or alternatives into asset management plan long term strategy	Incorporated into Asset Management Plan where appropriate	2010/14		CG14 CG14.3

KANGAROO ISLAND COUNCIL

Financial Indicators

Operating Surplus/(Deficit)

This ratio indicates the difference between day-to-day income and expenses for the particular financial year.

TARGET: To achieve a decreasing budget operating deficit and the achievement of an Operating Breakeven Position, or better, over a ten year period.

Operating Surplus Ratio

This ratio indicates by what percentage does the major controllable income source vary from day to day expenses.

TARGET: To achieve an Operating Surplus Ratio of 0% within 10 years

Net Financial Liabilities

This ratio indicates what is owed to others less money held, invested or owed to the Authority.

TARGET: Council's level of Net Financial Liabilities is no greater than its Annual Operating Revenue and not less than zero.

Net Financial Liabilities Ratio

This ratio indicates how significant the net amount owed is compared with income.

TARGET: Net Financial Liabilities Ratio is greater than zero but less than 100% of total Operating Revenue.

Interest Cover Ratio

This ratio indicates how much income is used in paying interest on borrowings.

TARGET: Net Interest is greater than 0% and less than 10% of Operating Revenue

Asset Sustainability Ratio

This ratio indicates whether assets are being replaced at the rate they are wearing out.

TARGET: Capital outlays on renewing/replacing assets net of proceeds from sale of replaced assets is greater than 90% but less than 110% of depreciation over a rolling 3 year period.

Asset Consumption Ratio

This ratio indicates the average proportion of 'as new condition' left in assets.

TARGET: The average proportion of 'as new condition' left in assets is greater than 40% and less than 80%.

Introduction

This document sets out the policy of the Kangaroo Island Council for setting and collecting rates from its community.

Strategic Focus

In setting its rates for the 2011/2012 financial year Council has considered the following:

- Its Strategic Plan.
- Its Budget requirements.
- The current economic climate.
- The specific issues faced by our community.
- The impact of rates on the community.
- The impact of rates on businesses.
- The relationship between Council objectives and rating policy.
- Council's debt strategy.
- Required funding for future asset replacement.
- The impact of differential changes in property valuations across the Island.
- As may be relevant, issues of consistency and comparability across Council areas in the imposition of rates on sectors of the community.

Copies of Council's Strategic Plan and Budget will be available for inspection and purchase at the Kangaroo Island Council offices and at Council's website www.kangarooisland.sa.gov.au

Method Used to Value Land

Councils may adopt one of three valuation methodologies to value the properties in their areas. They are:

- *Capital Value* – the value of the land and all the improvements on the land.
- *Site Value* – the value of the land and any improvements which permanently affect the amenity of use of the land, such as drainage works, but **excluding** the value of buildings and other improvements.
- *Annual Value* – a valuation of the rental potential of the property.

The Kangaroo Island Council has decided to continue to use Capital Value as the basis for valuing land within the Council area. Council considers that this method of valuing land provides the fairest method of distributing the rate burden across all ratepayers because property value is considered a reasonable indicator of income and capital value, which closely approximates the market value of a property and provides the best indicator of overall property value.

Adoption of Valuations

A Council may employ or engage a valuer to value the land in the area or it may use the valuations provided by the Valuer-General, or it may use a combination of both subject to certain restrictions. The Valuer-General is a statutory officer appointed by the Governor.

The Kangaroo Island Council has adopted the most recent valuations made by the Valuer-General. If a ratepayer is dissatisfied with the valuation made by the Valuer-General then the ratepayer may object to the Valuer-General in writing, within 60 days after the date of service of the notice of the valuation to which the objection relates, explaining the basis for the objection.

Objection to Valuation

A person may object to a valuation of the Valuer-General by notice in writing, setting out the reasons for the objections, and the Valuer General must consider the objection.

An objection to a valuation must be made within 60 days after the date of service of the notice of the valuation to which the objection relates. If the person then remains dissatisfied with the valuation, they have a right to a review.

Applications must be made within 21 days of receipt of the notice of the decision (in relation to the objection) from the Valuer-General. A payment of the prescribed fee for the review to be undertaken, together with the review application must be lodged in the Office of the Valuer-General, who will then refer the matter to an independent Valuer. If the person remains dissatisfied with the valuation then they have a right of appeal to the Land and Valuation Court.

The address of the Office of the Valuer-General is:

101 Grenfell Street
Adelaide SA 5000

GPO Box 1354
Adelaide SA 5001

Telephone

1300 653 346 (general enquiries)
1300 653 345 (objections enquiries)

Email

lsg.objections@saugov.sa.gov.au

Note: Council has no role in the process of considering an objection to a valuation. It is also important to note that the lodgment of an objection does not change the due date for the payment of rates.

Notional Values

Certain properties may be eligible for a notional value under the Valuation of Land Act 1971. This relates to some primary production land or where there is State heritage recognition. Any owner that believes that they are entitled to a 'notional value' must apply in writing to the Office of the Valuer-General.

Business Impact Statement

Council has considered the impact of rates on businesses in the Council area, including primary production. In considering the impact, Council assessed the following matters:

- Those elements of Council's strategic management plans relating to business development.
- The current and forecast economic climate.
- Operating and capital projects for the coming year that will principally benefit industry and business development on the island.
- Movement in the Consumer Price Index (CPI Adelaide City Index) and other relevant indices. The CPI represents the movement in prices associated with the goods and services consumed by the average metropolitan household and measured 3.6% as at March 2011. The Local Government Association of SA has however developed the Local Government Price Index (LGPI), a reliable and independent measure of the inflationary effect on price changes in the South Australian Local Government sector. The LGPI is measured by the Australian

Bureau of Statistics (ABS) and updated on a quarterly basis by the ABS. The LGPI measured 3.4% as at March 2011.

- Valuation changes in commercial and industrial properties across the Island as compared with valuation changes in residential properties across the Island.

Council's Revenue Raising Powers

All land within a Council area, except for land specifically exempt (e.g. crown land, Council occupied land and other land prescribed in the Local Government Act – refer Section 147 of the Act), is rateable. The Local Government Act provides for a Council to raise revenue for the broad purposes of the Council through a general rate, which applies to all rateable properties, or through differential general rates, which apply to classes of properties.

In addition, Council can raise separate rates, for specific areas of the Council or service rates or charges for specific services. Council also raises revenue through fees and charges, which are set giving consideration to the cost of the service provided and any equity issues. The list of applicable fees and charges is available for inspection and purchase at the Kangaroo Island Council offices and free of charge from Council's website www.kangarooisland.sa.gov.au

A Goods and Services Tax at a rate determined under the Goods and Services Act 1999 will be charged on those fees not given exemption under the Act.

Differential General Rates

Council set the differential general rates on the 30th of June, 2011 after consideration of capital value changes as advised by the Valuer-General, as well as issues of equity and fairness, simplicity, benefit to the community, impact of the differentials, as well as the capacity to pay.

Kangaroo Island Council uses differential rating as it believes it is the fairest method of allocating rates. Council's differential rating system is based on land use.

Using the residential rate in the dollar as the base rate, Council has determined that the commercial and industrial rating categories will be charged a rate in the dollar that is 6% higher than the residential rate.

The commercial/industrial rate is higher than the residential rate due to the ability of commercial enterprises to claim Council rates as a tax deduction.

The rate in the dollar for primary production properties is 15% below that of the residential sector, which is intended to encourage agriculture and the management of the environment on these properties.

The rate in the dollar for vacant land is 51% than the base rate, which reflects Council's objective of encouraging development of vacant properties, particularly in the townships on the Island.

The proposed differential general rates on the capital value of all rateable land in the area of the Council and varying according to the use of the land for the financial year ending 30 June 2012 are as follows:

• Residential: (Land use 1)	\$0.002354 of a cent in the dollar
• Commercial – Shop: (Land use 2)	\$0.002497 of a cent in the dollar
• Commercial – Office: (Land use 3)	\$0.002497 of a cent in the dollar
• Commercial – Other: (Land use 4)	\$0.002497 of a cent in the dollar
• Industry – Light: (Land use 5)	\$0.002497 of a cent in the dollar
• Industry – Other: (Land use 6)	\$0.002497 of a cent in the dollar
• Primary Production: (Land use 7)	\$0.001998 of a cent in the dollar
• Vacant Land: (Land use 8)	\$0.003564 of a cent in the dollar
• Other Rateable Land: (Land use 9)	\$0.002497 of a cent in the dollar

If a ratepayer believes that a particular property has been wrongly classified by Council as to its land use, then the ratepayer may object to that land use (to Council) within 60 days of being notified. The objection must set out the basis for the objection and details of the land use that, in the opinion of the ratepayer, should be attributed to that property. Council may then decide the objection as it sees fit and notify the ratepayer. A ratepayer also has the right to appeal against Council's decision to the Land and Valuation Court.

A ratepayer may discuss the matter with Council's Rate Officer on phone number 08 8553 4500 in the first instance. Council will provide, on request, a copy of Section 156 of the Local Government Act which sets out the rights and obligations of ratepayers in respect of objections to a land use.

Note: Lodgment of an objection does not change the due date for the payment of rates.

Fixed Charge

A Council may impose a fixed charge on each assessed property. Where two or more adjoining properties have the same owner **and** are occupied by the same occupier, only one fixed charge is payable by the ratepayer.

Council will maintain a **fixed charge of \$290** in 2011/12.

The reason for maintaining a fixed charge is to ensure that all residents contribute towards the provision of basic services at a reasonable level.

Service Charge - CWMS

Council provides a community waste water management scheme to most properties in Kingscote, Parndana, Parndana East and American River. Council must cover the full cost of operating and maintaining the service and this includes interest payments on loans raised to upgrade the Kingscote CWMS scheme. Council must also allow for the future capital replacement of the system. Council has committed to sustainable charging for CWMS on Kangaroo Island which has been determined by the LGA and other external sources.

Council will recover this cost through the imposition of a sustainable service charge per property unit as follows:

Areas of the townships of Kingscote, Brownlow, Parndana, Parndana East and American River:

- Vacant land \$562 per property unit.
- Occupied land \$562 per property unit.

Areas of the township of Penneshaw on a pro-rata basis from practical completion of construction:

- Vacant land \$562 per property unit.
- Occupied land \$562 per property unit.

Property unit is determined by the "Code for Establishing and Applying Property Units as a Factor of the Imposition of Annual Service Charges for Community Wastewater Management Systems" published by the Local Government Association of South Australia, April 2006.

Service Charges - Waste

Council is continuing to impose a Waste Management Service Charge in respect of the collection, treatment and disposal (including by recycling) of waste for the whole of Kangaroo Island. This charge has been determined to be:

- \$202 for all unoccupied land OR
- \$305 per occupied property.

Where more than one occupied building is located on land under a single assessment, Council reserves the right to impose additional charges in respect of these residential or commercial buildings. This proviso also applies to strata or other community title properties.

Details on what constitutes a service charge for each property unit, and other information about the scheme, are available from Council's Rates Officer on 08 8553 4500.

Tenanted property

Council has determined that tenants of premises where there are multiple occupants in occupation of what would otherwise be considered to be contiguous properties, or a single property having multiple occupants who lease the property from a common owner, will be charged rates in accordance with the Valuer-General's land use determination and will be levied the relevant waste management charge as determined under Council's Waste Management Policy. In addition, where CWMS (formerly STEDS) is available, a separate CWMS charge will be levied on each assessment.

Single Farm Enterprises

Council has determined that where an application has been made in the 2009/2010 financial year for relief of the fixed charge or service charges in respect of single farm enterprises (SFE's) and the applicant still complies in 2011/2012 with Council's requirements as to the operation of the enterprise as a single entity, then only one fixed charge, only one waste management service charge and only one NRM Levy will be levied.

Existing single farm enterprises that have applied to Council in the 2009/2010 financial year will not need to reapply, however new single farm enterprises will need to apply by 31st July 2011. Council however reserves the right to impose additional service charges on SFEs if the properties have additional occupied housing contained within the properties.

Natural Resources Management Board Levy

Council is obliged to include on its rates notices and to collect a levy in respect of the operations of the Natural Resources Management Board. The levy is determined by the Board and has been set at \$125,294 during the 2011/2012 financial year. This charge will be distributed evenly throughout the Council area by the imposition of an amount on each separate assessment of rateable land in the Council area.

Pensioner Concessions

If you are an eligible pensioner you may be entitled to a rebate on your rates for your principal place of residence, if you do not currently receive one. Application forms, which include information on the concessions, are available from the Kangaroo Island Council offices located in Dauncey Street, Kingscote. They are also available from the Department for Families & Communities at <http://www.dfc.sa.gov.au/pub/tabId/209/itemId/347/moduleId/795/Council-rates.aspx> and Revenue SA at <http://www.revenuesa.sa.gov.au/>.

An eligible pensioner must hold a current Centrelink or Department of Veterans' Affairs (DVA) Pension Cards, DVA Gold Cards (TPI, EDA, WW) and State Concession Cards. They must also be responsible for the payment of rates on the property for which they are claiming a concession.

Applications are administered by the Department for Families & Communities of the State Government. Payment of rates must not be withheld pending assessment of an application by the State Government as penalties apply to unpaid rates. A refund will be paid if Council is advised that a concession applies and the rates have already been paid.

Postponement of Rates

A postponement of rates may be granted if Council is satisfied that the payment of rates would cause hardship. Council may on application and subject to the ratepayer substantiating the hardship, request additional information pertaining to the relevant property to consider granting a postponement of payment of rates in respect of an assessment, on the condition that the ratepayer agrees to pay interest on the amount affected by the postponement at the Cash Advance Debenture rate.

All successful applications will require the full outstanding rates to be paid upon the completion of the postponement period or at the transfer of ownership settlement date, whichever occurs the earliest.

Postponement of Rates – Seniors

Eligible senior ratepayers (i.e. persons eligible to hold a Seniors card) have the option to apply to Council for a postponement of the payment of the prescribed proportion of rates for the current or a future financial year. The postponement is only available in relation to the prescribed proportion of rates being any amount in excess of \$500 per rateable year and applies to the principal place of residence of the eligible senior ratepayer.

Additional information pertaining to the property may be requested by Council to help in the decision making of the application, for example, mortgage documents. *Please contact the Rates Officer on 08 8553 4500 for the application conditions.*

If a postponement of the payment of rates occurs, interest will accrue at the rate specified in the Local Government Act 1999 on the amount affected by the postponement, until the amount is paid.

During the postponement period, Council may complete regular reviews of the outstanding balance. The reviews will be to ensure there is adequate property value available to repay the postponement amount, plus any interest held against the property upon the sale of the property. Council may request additional information be provided to complete the review.

Concessions for Self-Funded Retirees

The State Government has determined that self-funded retirees meeting certain conditions may also be entitled to a rebate on rates for their principal place of residence. If you hold a current State Seniors card and believe you may be entitled to this rebate, you will need to make application.

Applications are administered by Revenue SA for the State Government and can be applied by phoning 1300 366 150 or from <http://www.revenuesa.sa.gov.au/>.

Payment of rates must not be withheld pending assessment of an application by the State Government, as penalties apply to unpaid rates. A refund will be paid if Council is advised that a concession applies and the rates have already been paid.

Centrelink Recipients and Low Income Earners

The Department for Families & Communities may assist Centrelink recipients and low income earners with the payment of Council rates for their principal place of residence. (Remissions are not available on vacant land or rental premises).

Please contact the Department of Family & Communities Concessions for details:

Telephone:	1800 307 758
Postal Address:	Reply Paid 292 Adelaide SA 5001

Payment of Rates

As required by Section 181 of the Local Government Act 1999, Kangaroo Island Council offers ratepayers the opportunity to pay their rates in four equal or approximately equal installments, due in the months of September, December, March and June each year.

In cases where the initial account requiring payment of rates is not sent at least 30 days prior to this date, or an amended account is required to be sent, the Chief Executive has the authority to fix the date by which rates must be paid for these assessments.

The Chief Executive also has the authority to enter into agreements with principal ratepayers relating to the payment of rates in any case where they consider it necessary or desirable to do so.

Rates may be paid by BPay, cheque, money order, cash OR EFTPOS. Credit cards (with the exception Diners Card and American Express) can be utilised to a maximum of \$2,500.

The following payment options are available in relation to Council rates:

Internet:

www.kangarooisland.sa.gov.au

B-Pay:

Using the information contained on your rates notice.

Credit card:

www.kangarooisland.sa.gov.au

Mail:

- Addressed to PO Box 121, Kingscote, SA, 5223

Payments can also be made at the following Council Service Centres:

- Council Office, Dauncey Street, Kingscote
- Penneshaw Business Centre, Penneshaw

Note: For security reasons credit card payments will not be received over the phone and cash payments are only accepted at the Council office and the Penneshaw Business Centre.

Any ratepayer who may, or is likely to, experience difficulty with meeting the standard payment arrangements is invited to contact Council's Rate Officer on 08 8553 4500, to discuss alternative payment arrangements. Such inquiries are treated confidentially by Council.

Note: Late payment fines and interest may still apply.

Late Payment of Rates / Debt Recovery

The Local Government Act provides that Councils may impose a penalty of 2% on any payment for rates, whether instalment or otherwise, that is received late. A payment that continues to be late is then charged an interest rate, set each year according to a formula in the Act, for each month it continues to be late.

The purpose of this penalty is to act as a genuine deterrent to ratepayers who might otherwise fail to pay their rates on time, to allow Councils to recover the administrative cost of following up unpaid rates and to cover any interest cost a Council may incur because it has not received the rates on time.

The Kangaroo Island Council imposes late payment penalties strictly in accordance with the Local Government Act. The ability to remit penalties in whole or part is a power vested in Council. At the Kangaroo Island Council, each case will be considered on its merits based on the information provided.

Debt Recovery

All ratepayers have until the date on which the instalment of rates is due. After that the following recovery procedure will come into effect:

1. Fines and interest as provided by the Act will be added.
2. An overdue notice will be forwarded within 7 days of the imposition of a late payment penalty.
3. The debt will be placed in the hands of a debt collector if payment or arrangement for payment is not made within the overdue notice pay by date (21 days from date on overdue notice). A notice of intention to issue a claim will be forwarded by the debt collector.
4. Court proceedings will be instigated if the payment is still overdue after 21 days.

All fees and court costs are recoverable from the ratepayer.

When Council receives a payment in respect of overdue rates, Council applies the money received in the following order:

1. To satisfy any costs awarded in connection with court proceedings;
2. To satisfy any interest costs;
3. In payment of any fines imposed;
4. In payment of rates, in date order of their imposition (starting with the oldest account first).

Sale of Land for Non-Payment of Rates

Section 184 of the Local Government Act provides that a Council may sell any property where the rates have been in arrears for three years or more. The Council is required to provide the principal ratepayer and the owner (if not the same person) with details of the outstanding amounts and advise the owner of its intention to sell the land if payment of the outstanding amount is not received within one month. The Kangaroo Island Council enforces the sale of land for non-payment of rates after 3 years or more in accordance with the provisions of the Act.

Overpayment of Rates

Council will not pay interest on any voluntary overpayment of rates, and will not refund any amount less than \$100 due to costs involved in processing refunds. Any credit balance will be applied against the next instalment of rates.

Council regularly reviews the balance of rates on each property and if rates have been overpaid by \$100 or more, a refund cheque will be mailed to the principal ratepayer. However, Council will require in writing if the ratepayer requests any overpaid rates balance of \$100 or more be paid towards future rate payments.

Rebate of Rates

Policy Statement

It is the policy of Kangaroo Island Council that a rebate of rates in respect of any rateable land in the Council area will be available only when the applicant satisfies the requirements under the Local Government Act 1999 and, where appropriate, the requirements of this Policy.

Introduction

The Local Government Act 1999 ("the Act") sets out at Chapter 10, Division 5 (Sections 159 to 166) those provisions applicable to the Council granting a rebate of rates to persons or bodies.

Council has decided to adopt a Policy to assist it in its decision making functions relative to the operation of the rate rebate provisions contained in the Act.

This Policy is intended to provide guidance to the community as to the grounds upon which a person or body is, or may be entitled to receive a rebate of rates and the matters that Council will take into account in deciding an application for a rebate.

In accordance with the rebate provisions contained in the Act, this Policy sets out the type of use in respect of land which Council must grant a rebate of rates and the amount that rebate must be, and those types of land use where Council has discretion to grant a rebate of rates.

Local Government Act 1999

Section 159(3) of the Act provides that Council may grant a rebate of rates under the Act if it is satisfied that it is appropriate to do so.

The Act provides for a mandatory rebate of rates in specified cases and the amount of that mandatory rebate (see Mandatory Rebates Clause below).

The Act also provides that where Council must grant a rebate of rates under the Act, and the amount of that rebate is fixed by the Act at less than 100%, Council **may** increase the amount of the rebate.

The Act provides, at Section 166 for Council to provide a discretionary rebate of rates in the cases set out in that Section.

Mandatory Rebates

Council must grant a rebate in the amount specified in respect of those land uses which the Act provides will be granted a rebate.

Rates on the following land will be rebated at **100%**:

- Health Services - Land being predominantly used for service delivery or administration by a hospital or health centre incorporated under the South Australia Health Commission Act 1976;
- Religious Purposes - Land containing a church or other building used for public worship (and any grounds), or land solely used for religious purposes;
- Public Cemeteries - Land being used for the purposes of a public cemetery;
- Royal Zoological Society of SA - Land (other than land used as domestic premises) owned by, or under the care, control and management of, the Royal Zoological Society of South Australia Incorporated.

Rates on the following land will be rebated at **75%**:

- Community Services - Land being predominantly used for service delivery and administration by a community services organisation. A “community services organisation” is defined in the Act as a body that –
 - is incorporated on a not for profit basis for the benefit of the public; and
 - provides community services without charge or for a charge that is below the cost to the body of providing the services; and
 - does not restrict its services to persons who are members of the body.

It is necessary for a community services organisation to satisfy all of the above criteria to be entitled to the mandatory 75% rebate.

The Act further provides that eligibility for a rebate by a community services organisation is subject to it providing one or more of the following community services –

- emergency accommodation
- food or clothing for disadvantaged persons (i.e., persons who are disadvantaged by reason of poverty, illness, frailty, or mental, intellectual or physical disability);
- supported accommodation (i.e., residential care facilities in receipt of Commonwealth funding or accommodation for persons with mental health, intellectual, physical or other difficulties who require support in order to live an independent life);
- essential services, or employment support, for persons with mental health disabilities, or with intellectual or physical disabilities;
- legal services for disadvantaged persons;
- drug or alcohol rehabilitation services; or
- the conduct of research into, or the provision of community education about, diseases or illnesses, or the provision of palliative care to persons who suffer from diseases or illnesses.

- Educational Purposes

- Land occupied by a government school under a lease or licence and being used for educational purposes; or
- Land occupied by a non-government school registered under Part 5 of the Education Act 1972 and being used for educational purposes; or
- Land being used by a University or University College to provide accommodation and other forms of support for students on a not for profit basis.
- Where Council is satisfied from its own records or from other sources that a person or body meets the necessary criteria for a mandatory 100% or 75% rebate, Council will grant the rebate of its own initiative. Where Council is not so satisfied it will require the person or body to apply for the rebate in accordance with the Applications Clause of this Policy.
- Where a person or body is entitled to a rebate of **75%** Council may, pursuant to Section 159(4) of the Act, increase the rebate up to a further **25%**. Council may grant the further **25%** rebate upon application or on its own initiative. In either case Council **will** take into account those matters set out within the Applications Clause of this Policy and **may** take into account any or all of those matters set out within that Clause.
- Where an application is made to Council for a rebate of up to a further **25%** the application will be made in accordance with the Applications Clause of this Policy and Council will provide written notice to the applicant of its determination of that application.

Discretionary Rebates

Council may in its absolute discretion grant a rebate of rates or service charges in any of the following cases pursuant to Section 166 of the Act:

- Where it is desirable for the purpose of securing the proper development of the area (or a part of the area);
- Where it is desirable for the purpose of assisting or supporting a business in its area;
- Where it will be conducive to the preservation of buildings or places of historic significance;
- Where the land is being used for educational purposes;
- Where the land is being used for agricultural, horticultural or floricultural exhibitions;
- Where the land is being used for a hospital or health centre;
- Where the land is being used to provide facilities or services for children or young persons;
- Where the land is being used to provide accommodation for the aged or disabled;
- Where the land is being used for a residential aged care facility that is approved for Commonwealth funding under the Aged Care Act 1987 (Commonwealth) or a day therapy centre;
- Where the land is being used by an organisation which, in the opinion of the Council, provides a benefit or service to the local community;
- Where the rebate relates to common property or land vested in a community corporation under the Community Titles Act 1996 over which the public has a free and unrestricted right of access and enjoyment; and

- l. Where the rebate is considered by the Council to be appropriate to provide relief against what would otherwise amount to a substantial change in rates payable due to a change in the basis of valuation used for the purposes of rating, rapid changes in valuations, or anomalies in valuations.
- m. Where the rebate is considered by the Council to be appropriate to provide relief in order to avoid what would otherwise constitute a liability to pay a rate or charge that is inconsistent with the liabilities anticipated by the Council in its annual business plan or a liability that is unfair or unreasonable.
- n. Where the rebate is to give effect to a review of a decision of the Council under the Local Government Act Chapter 13 Part 2.
- o. Where the rebate is contemplated under another provision of the Local Government Act.

Council may grant a rebate of rates up to and including 100% of the relevant rates or service charges. Council may grant a rebate for a period exceeding one year, but not exceeding 10 years in respect of (a), (b) or (k) and not exceeding 3 years in respect of (l).

Council has an absolute discretion:

- To grant a rebate of rates or service charges in the above cases; and
- To determine the amount of any such rebate.

Persons who or bodies, which seek a discretionary rebate, will be required to submit an application form to Council and provide to Council such information as stipulated on the application form and any other information that Council may reasonably require.

That Council provides a rebate of **35%** of the General Rates payable by the following organisations:

- Scout Association of Australia
- SA Country Women's Association
- KI Cottage Homes Inc.
- KI Lions Club (Dauncey St. property)
- KI Lions Club Op Shop
- Do Drop in Centre
- St John Ambulance
- KI Community Housing Association.
- Island Care – opportunity shop and storage

That Council provides a rebate of **100%** of the General Rates payable by the following organisation:

- Penneshaw Community Business Centre
- Finding Workable Solutions

Applications

Council will inform the community of the provisions for rate rebate under the Local Government Act by the inclusion of suitable details in the Rating and Rebate Policy Summary distributed with the annual rate notice.

Persons or bodies who seek a rebate of rates (and/or service charges) either:

- Pursuant to Section 159(4) of the Act and Mandatory Clause of this Policy; or
- Pursuant to Section 166 of the Act and Discretionary Clause of this Policy,
- Must make written application to Council pursuant to Section 159(1) of the Act in the manner and form determined by Council and supplying such information as Council may reasonably require.

Application forms may be obtained from the Council office located at 43 Dauncey Street, Kingscote SA 5223.

Council will take into account, in accordance with Section 166(1a) of the Act in relation to (d)-(j) inclusive in the Discretionary Rebates Clause above, the following matters –

- the nature and extent of Council services provided in respect of the land for which the rebate is sought in comparison to similar services provided elsewhere in the Council's area;
- the community need that is being met by activities carried out on the land for which the rebate is sought; and
- the extent to which activities carried out on the land for which the rebate is sought provides assistance or relief to disadvantaged persons.

Council may take into account other matters considered relevant by the Council including, but not limited to, the following –

- why there is a need for financial assistance through a rebate;
- the level of rebate (percentage and dollar amount) being sought and why it is appropriate;
- the extent of financial assistance, if any, being provided to the applicant and/or in respect of the land by Commonwealth or State agencies;
- whether the applicant has made/intends to make applications to another Council;
- whether, and if so to what extent, the applicant is or will be providing a service within the Council area;
- whether the applicant is a public sector body, a private not for profit body or a private or profit body;
- whether there are any relevant historical considerations that may be relevant for all or any part of the current Council term;
- the desirability of granting a rebate for more than one year in those circumstances identified within Discretionary Clause of this policy;
- consideration of the full financial consequences of the rebate for Council;
- the time the application is received;
- the availability of any community grant to the person or body making the application;
- whether the applicant is in receipt of a community grant; and
- any other matters and policies of Council, which Council considers relevant.

All persons who or bodies which wish to apply to Council for a rebate of rates must do so on or before **30th September 2011**. Council reserves the right to refuse to consider applications received after that date. However, applicants which satisfy the criteria for a mandatory **100% or 75%** rebate will be granted the rebate at any time.

The Act provides that Council may grant a rebate of rates or charges on such conditions as Council thinks fit.

Council may, for proper cause, determine that an entitlement to a rebate of rates under the Act no longer applies.

Where an entitlement to a rebate of rates ceases or no longer applies during the course of a financial year, Council is entitled to recover rates, or rates at the increased level (as the case may be), proportionate to the remaining part of the financial year.

It is an offence for a person or body to make a false or misleading statement or representation in an application or to provide false or misleading information or evidence in support of an application made (or purporting to be made) under the Act. The maximum penalty for this offence is \$5,000.

If a person or body has the benefit of a rebate of rates and the grounds on which the rebate has been granted cease to exist, the person or body must immediately inform Council of that fact and (whether or not Council is so informed) the entitlement to a rebate ceases. If a person or body fails to do so that person or body is guilty of an offence. The maximum penalty for this offence is \$5,000.

Council will, in writing, advise an applicant for a rebate of its determination of that application within 40 business days of receiving the application or of receiving all information requested by Council. The advice will state –

- if the application has been granted, the amount of the rebate; or
- if the application has not been granted, the reasons why.

Delegation

Council has delegated its power, pursuant to Section 44 of the Act, to grant applications for mandatory rebates, which meet the requirements of the Act.

All discretionary rebates shall be determined by Council with the exception of the Rate Cap, which shall be applied automatically to rate notices.

Review

A person who or a body which is aggrieved by a determination of Council in respect of an application for a rebate may seek a review of that decision in accordance with Council's Internal Review of Council Decisions Policy within 30 days of the date of the notice of determination which is given pursuant to Applications Clause of this Policy.

Community Grants

If an application for a rebate is unsuccessful, Council has an absolute discretion to then treat the application as one for a community grant and to determine it in accordance with Council's Community Financial Assistance Policy.

Rate Capping

To provide ratepayers with relief against what would otherwise amount to a substantial change in rates payable by a ratepayer due to rapid changes in valuation, a rebate of general rates for the 2011/2012 financial year will be granted to the Principal Ratepayer of an Assessment under Section 166 (1) (l) of the Act, either by Council of its own initiative where Council is in possession of sufficient information to determine the entitlement to the rebate or otherwise on application to Council, where the amount of any increase in rates in respect of that Assessment in monetary terms between the amount of general rates imposed for the 2010/2011 financial year and the amount of general rates imposed for the 2011/2012 financial year, is greater than 20%.

The amount of the rebate will be the difference between the amount of general rates in monetary terms imposed for the 2011/2012 financial year and the amount of general rates imposed for the 2010/2011 financial year plus 20% of that amount.

The rebate is only applicable if:

- The property has the same owner in 2010/11 and 2011/12;
- The increase in capital improvement is <\$10,000; and
- The rate code in 2010/11 and 2011/12 are the same.

The rebate will be calculated collectively on adjoining properties under identical ownership and single farm enterprises and the rate rebate will be applied to the first assessment listed.

In providing the rates capping rebate to the applicable assessments, Council has deemed the rebate should provide relief of any substantial valuation change.

Common portion of Community titled land

Where a community title exists over an individual portion of land then any common portion of land held under that community title will be considered to be non-rateable and will not be subject to the imposition of fixed charges or service charges.

Applications

All applications for rebates, remissions or postponements must be in writing, addressed to the Chief Executive, Kangaroo Island Council, PO Box 121, Kingscote, SA 5223 and include sufficient details to identify the relevant property and any supporting documentation in support of the application.

Changes to Assessment Records

All changes to postal address of ratepayer/owner and changes of ownership of a property must be notified promptly to Council in writing or via Council's website at www.kangarooisland.sa.gov.au.

Disclaimer

A rate cannot be challenged on the basis of non-compliance with this policy and must be paid in accordance with the required payment provisions.

Where a ratepayer believes that Council has failed to properly apply this policy it should raise the matter with Council. In the first instance contact a Customer Service Officer at the Council Offices or on telephone 8553 4500 to discuss the matter. If, after this initial contact, a ratepayer is still dissatisfied they should write to the Chief Executive, Kangaroo Island Council, PO Box 121, Kingscote SA 5223 or by email to kicouncil@kicouncil.sa.gov.au explaining the nature of their concern.

Availability of Policy

This Policy is available for inspection at Council offices and persons may obtain a copy of this Policy upon payment of the fee set by Council.

Application Form for Rate Rebate 2011/12 Financial Year

(1) Details of Applicant

Name

Address

.....

Telephone

If the Applicant is not a natural person, please provide details of a contact person for the Applicant

Name

Address

.....

Telephone

(2) Details of Land

Certificate of Title Reference

Address

.....

Owner of Land (if not you)

(3) Categories of Rebate

Please tick ☒ the category of rebate under which you are seeking a rebate –

3.1 Mandatory

☐ Health Services – Land being predominantly used for service delivery or administration by a hospital or health centre incorporated under the South Australia Health Commission Act 1976;

☐ Religious Purposes – Land containing a church or other building used for public worship (and any grounds), or land solely used for religious purposes;

☐ Public Cemeteries – Land being used for the purposes of a public cemetery;

- ☐ Royal Zoological Society of SA – Land (other than land used as domestic premises) owned by, or under the care, control and management of, the Royal Zoological Society of South Australia Incorporated.
- ☐ Community Services – Land being predominantly used for service delivery and administration by a community services organisation.

Does your organisation satisfy the following –

- ☐ is incorporated on a not for profit basis for the benefit of the public; and
- ☐ provides community services without charge or for a charge that is below the cost to the body of providing the services; and
- ☐ does not restrict its services to persons who are members of the body.

If you have ticked (a), (b) and (c) above which of the following services does your organisation provide –

- ☐ emergency accommodation;
- ☐ food or clothing for disadvantaged persons (i.e., persons who are disadvantaged by reason of poverty, illness, frailty, or mental, intellectual or physical disability);
- ☐ supported accommodation (i.e., residential care facilities in receipt of Commonwealth funding or accommodation for persons with mental health, intellectual, physical or other difficulties who require support in order to live an independent life);
- ☐ essential services, or employment support, for persons with mental health disabilities, or with intellectual or physical disabilities;
- ☐ legal services for disadvantaged persons;
- ☐ drug or alcohol rehabilitation services; and/or

☐ research into, or community education about, diseases or illnesses, or palliative care to persons who suffer from diseases or illnesses.

☐ Other – please specify
.....

Educational Purposes

Which of the following criteria apply –

☐ land occupied by a government school under a lease or licence and being used for educational purposes; or

☐ land occupied by a non-government school registered under Part 5 of the Education Act 1972 and being used for educational purposes; or

☐ land being used by a University or University College to provide accommodation and other forms of support for students on a not for profit basis.

3.2 Discretionary

The Council may in its discretion grant a rebate of rates or service charges in any of the following cases. Please indicate which of the following is applicable to your application–

☐ the rebate is desirable for the purpose of securing the proper development of the area (or a part of the area);

☐ the rebate is desirable for the purpose of assisting or supporting a business in its area;

☐ the rebate will be conducive to the preservation of buildings or places of historic significance;

☐ the land is being used for educational purposes;

☐ the land is being used for agricultural, horticultural or floricultural exhibitions;

☐ the land is being used for a hospital or health centre;

- ☐ the land is being used to provide facilities or services for children or young persons;
- ☐ the land is being used to provide accommodation for the aged or disabled;
- ☐ the land is being used for a residential aged care facility that is approved for Commonwealth funding under the Aged Care Act 1987 (Commonwealth) or a day therapy centre;
- ☐ the land is being used by an organisation which provides a benefit or service to the local community;
- ☐ the rebate relates to common property or land vested in a community corporation under the Community Titles Act 1996 over which the public has a free and unrestricted right of access and enjoyment;
- ☐ the rebate is appropriate to provide relief against what would otherwise amount to a substantial change in rates payable by a rate payer due to a change in the basis of valuation used for the purposes of rating, rapid changes in valuations, or anomalies in valuations;
- ☐ the rebate is considered by the Council to be appropriate to provide relief in order to avoid what would otherwise constitute a liability to pay a rate or charge that is inconsistent with the liabilities anticipated by the Council in its annual business plan or a liability that is unfair or unreasonable;
- ☐ the rebate is to give effect to a review of a decision of the Council under the Local Government Act Chapter 13 Part 2;
- ☐ the rebate is contemplated under another provision of the Local Government Act.

(4) Amount of Rebate

If you are seeking a mandatory rebate under Clause 3.2 of this Application, for which you are entitled to a 75% rebate, are you also applying to the Council to increase that rebate?

YES NO

Please specify the amount of rebate that you are applying for –

.....

If you are applying for a discretionary rebate under Clause 3.3 of this Application, please specify the rebate amount you are applying for.

.....

Please specify why you (or your organisation) need financial assistance through a rebate and why the amount of rebate you have applied for is appropriate.

.....

(5) Additional Information Required

The Council requires you to attach the following additional information to this Application–

5.1 Where you are seeking a rebate under Clause 3.5 of this Application – Community Services –

- 5.1.1 evidence that the land is being used for service delivery and/or administration;
- 5.1.2 a copy of the organisation's Constitution and/or other documentation establishing that it is incorporated on a not-for-profit basis;
- 5.1.3 a copy of the organisation's latest Annual Report;
- 5.1.4 evidence that the organisation provides services free of charge or below cost;
- 5.1.5 evidence that the organisation provides services to persons other than members.

5.2 Where you are seeking a rebate in any other case –

- 5.2.1 evidence that the land is being used for the purpose for which the rebate is being sought;
- 5.2.2 information as to whether, and if so to what extent, you (or your organisation) will be providing a service within the Council area;
- 5.2.3 whether you have made or intend to make an application to another council;
- 5.2.4 the extent of financial assistance (if any) being provided by Commonwealth or State agencies;

5.2.5 whether you are in receipt of a community grant;

5.2.6 any other information that you believe is relevant in support of this Application.

(6) Application Forms

Application forms and all additional information must be submitted to the Council on or before 30 September each year.

A failure to submit application forms or to provide the additional information required by the Council to assess the application by the due date may result in the Council refusing to consider the application.

Important Information

It is an offence for a person or body to make a false or misleading statement or representation in an application or to provide false or misleading information or evidence in support of an application made (or purporting to be made) under the Act. The maximum penalty for this offence is \$5,000.00, (Section 159 (2) of the Local Government Act 1999).

The Council may grant a rebate of rates or charges on such conditions as the Council thinks fit.

If a person or body has the benefit of a rebate of rates and the grounds on which the rebate has been granted cease to exist, the person or body must immediately inform the Council of that fact and (whether or not the Council is so informed) the entitlement to a rebate ceases. If a person or body fails to notify the Council that person or body is guilty of an offence and liable to a maximum penalty of \$5,000.00, (Section 159 (7) and (8) of the Local Government Act 1999).

The Council may, for proper cause, determine that an entitlement to a rebate of rates under the Act no longer applies.

Where an entitlement to a rebate of rates ceases or no longer applies during the course of a financial year, the Council is entitled to recover rates, or rates at the increased level (as the case may be), proportionate to the remaining part of the financial year.

I declare that the information I have provided on and attached to this application form is true.

DATED the day of 20.....

Signed
