

TOWN CENTRES PROJECT UPDATE: 23 to 30 JUNE

CONSTRUCTION WORKS

The remaining weeks in Kingscote will see the completion of the outdoor dining areas (existing and new), furniture installation, mortar along the building edges, irrigation, planting and fixing of remaining timber to bollards. There will be some planting installed along the Murray Street foreshore connection, Dauncey Street (between Murray and Drew Streets) and a path connecting the foreshore trail to Murray Street.

DAUNCEY STREET - SPEED LIMIT AND PARKING

The final road resurfacing and 2 raised 'wombat' crossings will be postponed until September 2022 to avoid two separate road closures. This is due to unsuitable weather conditions for bitumen work as a result of project delays. Advance notice will be provided prior to the anticipated road closure and Council will coordinate with the contractor to deliver the work over consecutive days to minimise the disruption to traders.
