PUBLIC CONSULTATION

Council has received community feedback requesting that portions of Reeves Point be declared "animal exclusion area" or "dogs on leash area" under Council's By-Laws in order to increase protection for the native habitat and threatened bird species residing in this area. Therefore, Council is seeking your feedback on potentially deciding under the Council's Dog By-Law 2024 to declare the areas shaded in blue on the maps featured below to be a dog on leash area at Reeves Point Kingscote. Council will deliberate on the matter once consultation has closed and will consider all feedback received.

PUBLIC CONSULTATION

Council's proposed Representation Review paper is now open for Public Consultation for a period of 21 days commencing Thursday 18th July 2024 and closing 5:00pm, Wednesday 7 August 2024.

What is an Elector Representation Review?

An Elector Representation Review is a process every council undertakes at least once every eight years to determine if the composition of the Council's elected body best meets the needs of the community. Kangaroo Island Council is now due to undertake this review.

Kangaroo Island Council's review examines the following key representation issues:

- the appropriate number of councillors for Kangaroo Island Council;
- whether Council has wards or no wards;
- if wards, the appropriate ward boundary size, name and number of Council wards;
- the appropriate number of councillors per ward;

Council is now seeing written submissions with respect to your views of the composition of Council into the future. Printed copies of the Representation Review Paper is now available for inspection and/or purchase at Council's Kingscote Office and can be viewed or downloaded from our website at <http://www.kangarooisland.sa.gov.au/notice-board/consultations>.
