PROPOSED AMENDMENTS TO COUNCIL LAND MANAGEMENT PLANS

Council is considering amendments to the *Council Land Management Plan: Community Land Data Sheets* at Reeve's Point and Emu Bay. We invite the community to provide written submissions to gather feedback on the proposed draft amendments.

What are Community Land Management Plans?

The *Local Government Act 1999* requires Council to prepare and adopt Community Land Management Plans (CLMP) for all parcels of community land.

All local government land, except for roads, which are owned by Council or under Council's care and control (e.g. dedicated Crown Land) are classified as community land; unless Council has resolved to exclude the land from community land or has otherwise revoked its community land status.

A Community Land Management Plan is required if the land has been or is intended to be developed, modified, adapted for the benefit or enjoyment of the community, or to be occupied under a lease / licence.

Community Land Management Plans specify the details of use for community land and identify how Council will manage and maintain the land held for the general public's use and enjoyment.

Council is currently reviewing several of its Data Sheets contained within the Community Land Management Plan. These require amendments to comply with the *Local Government Act 1999* and the management of land use.

At its meeting on 14th May 2024, Council resolved to seek community consultation on the following proposed amended Community Land Management Plan Data Sheets:

Community Land Data Sheet – Reeves Point Historic Site Reserves (including Flagstaff Lookout) Management Plan

Community Land Data Sheet – Hamilton Drive, Emu Bay Recreation Reserve Management Plan

How to view the documents

Printed copies of the documents are available for inspection and/or purchase at Council's Kingscote Office and the Penneshaw Community Business Centre and electronic versions can be viewed or downloaded from our website at <http://www.kangarooisland.sa.gov.au/notice-board/consultations>.

Community consultation is open for a period of 21 days commencing **THURSDAY, 30th MAY 2024** and closing **5:00pm, WEDNESDAY 19 JUNE 2024** for the Reeve's Point and Emu Bay Community Land Data Sheet amendments.

CURRENT WORKS UPDATE

Unsealed Road Maintenance Patrol Grading Program

Did you know Kangaroo Island Council maintains approximately 1150km of unsealed roads as part of its annual works program. To manage this large road network Council has an Unsealed Road Maintenance Plan which can be viewed on our website: <https://www.kangarooisland.sa.gov.au/services/road/unsealed-road-grader-program>.

Scheduled unsealed road maintenance patrol grading has recently been carried out on the following roads:

- Margries Road
- Mt Taylor Road
- Mt Stockdale Road
- Hungerford Road
- Sandhurst Track
- East West Road
- Bellmore Road
- North Cape Road

The nature of these works is dependent on multiple factors which means at times the program can be subject to variation, for example when weather conditions change.

All endeavours are made to ensure minimal disruptions to road users during times of patrol grading work and appropriate traffic control signage is used to advise local road users of conditions.

How do I report the condition of an unsealed road to Council?

If you would like to report the condition of an unsealed road within the Kangaroo Island road network, please send your feedback to kicouncil@kicouncil.sa.gov.au or telephone our Customer Service team on (08) 8553 4500.

Roadside Vegetation

Roadside vegetation maintenance and trimming works are currently being undertaken as part of the annual program which concludes in June 2024. These works are completed under the provisions of the *Native Vegetation Act 1991 & Regulations 2017* and are undertaken to ensure adequate road clearance safety parameters are maintained.

Upcoming roadside vegetation maintenance works are scheduled to be occurring in Haines, along Willson's Road and Elsegood Road. Please be mindful of the traffic control signage in place in the vicinity of the works being carried out.

Vegetation maintenance at Boundary Road recently completed.
