

## TOWN CENTRES PROJECT UPDATE: 21 to 28 JULY

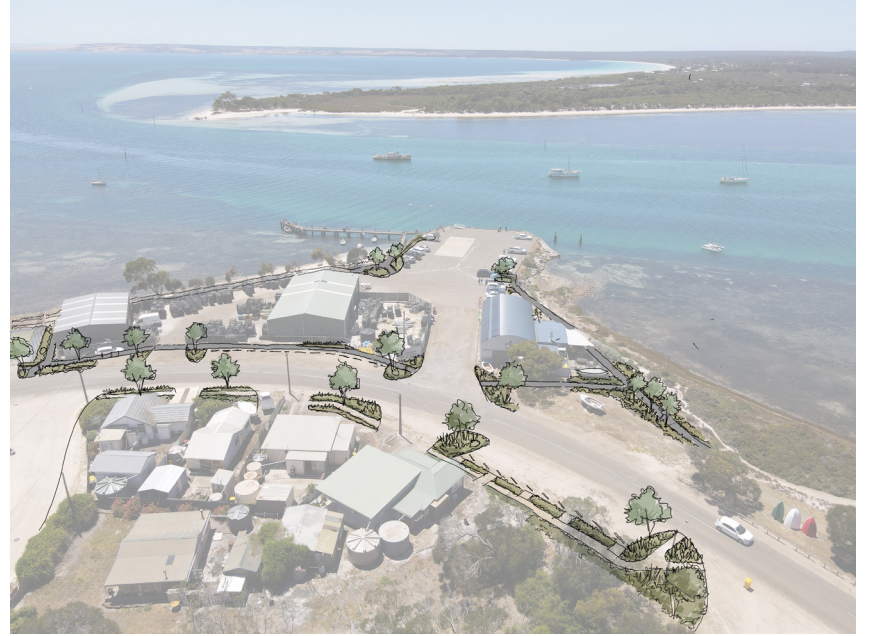

### CONSTRUCTION WORKS: KINGSCOTE & AMERICAN RIVER

The final touches on Dauncey Street are being completed to wrap up the first phase of the project, with remaining irrigation and mulching to be installed over the coming days. Council is awaiting the final steel support to be welded on site then the remaining red gum timber can be fixed to the bollards.

The road resurfacing and 2 raised 'wombat' crossings at the Murray and Commercial Street intersections will be postponed until September 2022 with a reduced speed limit to remain in place until this work is complete. Advance notice will be provided prior to the anticipated road closure.

Axiom's site compound has been established in American River and Council have set out some items for the demolition and paving to commence site works in the coming days. Reduced speed limits, some restricted parking and pedestrian access can be expected over the coming weeks. Council will continue to liaise with residents and businesses around the wharf precinct as the work advances, with minimal impact on traffic and access is anticipated.
