COMMUNITY CONSULTATION OPEN

Kangaroo Island Council is seeking community feedback on its new Draft Community Land Management Plans (CLMP).

Under the Local Government Act 1999, councils are required to prepare and maintain Community Land Management Plans for land owned by, or under the care, control and management of, Council. These plans provide the framework for how Community Land may be used, managed, leased, licensed and developed.

In 2026, Council undertook a comprehensive review of its Community Land Management framework. Following the review, a new category-based approach has been developed, consolidating more than 190 individual land management plans into 11 land categories based on the primary purpose and function of the land.

The new framework:

- Improves legislative compliance and consistency;
- Aligns with contemporary local government practice;
- Uses plain English to improve accessibility;
- Reduces duplication and administrative complexity; and
- Provides clearer guidance for the management, use, leasing and licensing of Community Land.

How to access the draft CLMP: www.kangarooisland.sa.gov.au/notice-board/news-and-notices/consultations

Key dates: Consultation is open between Thursday, 16 July and 5pm Wednesday, 5 August 2026
