

**January 2020**

All of us here at the Fleurieu Regional Waste Authority (FRWA) express our concern and sympathy for the Kangaroo Island community which has been impacted by the devastating bush fires.

Our sincere admiration and thanks goes to the fire fighters and emergency service personnel who have shown such great courage and compassion in the work they have done and continue to do within the Kangaroo Island community.

FRWA staff based both on the island and the mainland, are committed to working with and supporting the Kangaroo Island community in the recovery effort.

### **Kerbside collection**

Some kerbside collections may be affected by fire damage and road closures. Residents and visitors are advised to:

- Place bins kerbside for collection and leave them kerbside – if it is safe to do so
- Take waste to the Kangaroo Island Resource Recovery Centre, 1207 North Coast Road, open 7 days a week 9.30am to 4.30pm.

### **Bin replacement for fire affected properties**

During the recovery period the Fleurieu Regional Waste Authority will:

- Provide FREE replacement of kerbside bins (applicable to collection types) which have been damaged or destroyed as a result of the recent fires.
- Please call FRWA direct PH: 8555 7405 to action a new bin request.
- You will need to drop into Kangaroo Island Council Customer Service, Dauncey Street, to complete the necessary paperwork prior to bin collection.

Please monitor the FRWA website [www.frwa.com.au](http://www.frwa.com.au) for updates to kerbside bin collection routes.
