

TOWN CENTRES PROJECT UPDATE: 28 JULY TO 4 AUGUST

KINGSCOTE

Last week saw the completion of Kingscote's planting, furniture and miscellaneous items. Council is working with a local supplier to complete the steel support for the bollards, and the remaining red gum will then be fixed. The final road resurfacing and 2 raised 'wombat' crossings have been postponed until September 2022 when the conditions improve for bitumen, and residents will be advised of an unavoidable road closure.

AMERICAN RIVER

The site setout and paving preparation is underway along the foreshore path. Reduced speed limits and some restricted parking and pedestrian access can be expected over the coming weeks. Council will continue to liaise with residents and businesses around the wharf precinct as the work advances, but minimal impact on traffic and access is anticipated.

PENNESHAW UPGRADE

The installation of furniture, signage, native planting, mulch and a new fence will complete the Bay Terrace footpath upgrade. Some speed reductions and part lane closures remain in place along the DIT-controlled Bay Terrace but do not affect ferry traffic. Residents are reminded to ensure their domestic pets are secured for the safety of the Little Penguin population. Residents may also have noticed the new picnic settings on the North Terrace lawns.
