

TOWN CENTRES PROJECT UPDATE

KINGSCOTE

Council is working with the contractor to confirm the dates for resurfacing of Dauncey Street which will complete the road level, line marking and drainage. We appreciate your patience during this time while these works are not complete.

PENNESHAW

Traffic and Truck Parking

Middle Terrace will remain open during the construction period. Safe pedestrian access to businesses will be maintained throughout the project. Some parking restrictions will be in place. Hog Bay Road and Middle Terrace are under the care and control of the Department for Infrastructure and Transport (DIT). Council is aware of the issues surrounding the movement of stock freight and access to the SeaLink terminal. Council is advocating for better short and long term parking solutions for heavy vehicles. We are working closely with all key stakeholders throughout the construction phase.

AMERICAN RIVER

The contractor will be returning to American River this week to complete the final touches of the construction.

REPORT POT HOLES

Council is urging local residents to report problem potholes.

With late spring weather bringing heavy rains, potholes have become a hot topic for the community and a key focus for Council.

With almost 1,362 km of roads to maintain and nearly 800 km of them being unsealed, water damage on our roads is a high priority on our works list.

Not all roads are Council's responsibility to maintain, and the State Government is responsible for maintaining the condition of our major transport links and highways.

The following sections of road are under the control and care of the Department of Infrastructure (DIT):

Penneshaw to Kingscote

- SeaLink Ferry Terminal
- North Terrace
- Middle Terrace
- Howard Drive
- Thomas Willson Street
- Bay Terrace
- Hog Bay Road
- Playford Highway

Parndana to Kingscote

- Playford Highway (from Parndana Golf Club)
- Kohinoor Road
- Telegraph Road

American River

- American River Road
- Buick Drive
- Scenic Drive
