WORKS & INFRASTRUCTURE UPDATES

Emu Bay – Vegetation maintenance

The Council Parks and Gardens Team recently trimmed and shaped vegetation to improve road visibility and access. This work is part of regular scheduled maintenance across the Island.

Kangaroo Island Council manages many parks and reserves across Kangaroo Island. Many are located within the townships and provide varied recreational opportunities for residents and visitors alike.

The parks and gardens maintenance schedule can be access via Council's website <https://www.kangarooisland.sa.gov.au/community/recreation/parks-reserves-and-ovals>.

RAA Electric Vehicle Charging Station Penneshaw – Installation of screen

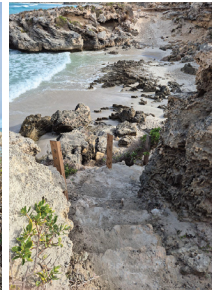

The initial structure to screen the electric vehicle charging stations has been built. Additional screening works including the planting and landscaping of this area is continuing. Council appreciated the community engagement in this project.

Pennington Bay – Middle Beach stairs

Access to the Middle Beach at Pennington Bay has been improved by the repair of the existing stone steps and replacement of the balustrade posts. Works to the main beach access steps to the west continue and we are awaiting the manufacture of the lower section components.

Many thanks to local contractor BC Earthmoving for their prompt attendance to the Middle Beach steps repairs.

Road Maintenance - Gregors Road

The Council Construction Team currently are resheeting the five kilometres of Gregors Road between East west 1 and East west 2. These works will improve the safety of road users and should be completed this month. This project is part of the unsealed road upgrades program.

LOOKING FOR SOME SCHOOL HOLIDAY FUN

Kangaroo Island Council's School Holiday Program has just been released.

Join in the fun through July by attending the school holiday events celebrating nature, the beauty of the outdoors.

KI Library School holiday Program:

The Art of Nature Friday 12th July
