

## TOWN CENTRES UPDATE

### PENNESHAW

The contractor is currently completing the paving in front of the PCBC, Chemist and IGA. Some temporary changes to parking and pedestrian access are in place but access to businesses and services will remain at all times.

Temporary signage is in place for disabled parking and Council appreciates the community's patience as this last stage of the Middle Tce upgrade is underway.

The planting, furniture installation and remaining irrigation will see the completion of the project.

### KINGSCOTE & AMERICAN RIVER

Once the contractor has completed the remaining Penneshaw work, the completion of outstanding defects and minor works will occur in these two towns.

### PARNDANA

Council has engaged a builder for the pergola structure and will commence on site in the coming weeks, with a start date yet to be advised. Council is also finalising pricing from local landscaping contractors to complete the rest of the project which will likely commence next month. A further update will be provided once a contract is in place.

## BLIND DATE WITH A BOOK

### Go on a blind date this Valentine's Day!

There is an age-old saying: "Don't judge a book by its cover." Well, now you can!

Kangaroo Island Council's Kingscote Library's new reading campaign gives you every reason to try something new to read, not based on a cover image or title.

The **Blind Date with Book** campaign has books wrapped in pink paper on display at the library. The only clue about the book inside is a cluster of about half a dozen keywords handwritten on the paper.

You select a book based on genre, and our library staff will check it out. You find out what the mystery book is when you unwrap it at home!

Blind Date with a Book runs from **Monday, 6 February**, until **Friday, 17 February**. It allows you to find new titles hand-picked by the library team that you might not otherwise select yourself.

There are genres for every person – thriller, romance, mystery, horror and more.
