COMMUNITY CONSULTATION

What Are Community Land Management Plans?

Under the Local Government Act 1999, the Council is required to prepare and adopt a Community Land Management Plan (CLMP) for all community land. This includes all local government land owned by the Council or under its care and control, such as dedicated Crown Land, except for roads. Such land is classified as community land unless the Council has resolved to exclude it from this classification or has revoked its community land status.

A CLMP is necessary if the land has been or will be specifically developed, modified, or adapted for community benefit and enjoyment, or if the land is occupied under a lease or license. These plans detail the management and maintenance strategies for land held for the community's use and enjoyment.

The Council is currently reviewing several Data Sheets within the CLMP that require amendments to comply with the Local Government Act 1999 and to update management proposals for the land.

At its meeting on 21 January 2025, the Council resolved to seek public consultation on the following proposed amended Community Land Management Plan (CLMP) Data Sheet:

• **Community Land Data Sheet - BOXING BAY AND HEADLAND RESERVES MANAGEMENT PLAN**

Public consultation will be open for 21 days, starting **Thursday, 30 January 2025, and closing at 5:00 PM on Wednesday, 19 February 2025.**

Printed copies of the documents are available for inspection and purchase at the Council's Kingscote Office and the Penneshaw Community Business Centre.
