MENTAL HEALTH FIRST AID TRAINING

Mental health problems can affect anyone in the community, and inaccurate and stigmatising attitudes towards people with mental illness are common.

Many people lack the knowledge, skills, and confidence to support a friend, family member or co-worker experiencing a mental health problem, including how to approach someone and start a safe conversation.

FREE training is available to the Kangaroo Island community to become a Mental Health First Aider. The next Mental Health First Aid Course on KI is planned for 20 and 21 November 2023.

To register your interest, please call Junction at the Kangaroo Island Community Centre on telephone, **8553 2809**.
