## Town Centres - Your Town Your Say

The completion of the concept design process is a major milestone for the Town Centres Project which started its planning phase earlier this year.

Over the past week consultations were held in each of the four main townships, and for those who were unable to attend, copies of the presentations and feedback forms are now available on Council's website [www.kangarooisland.sa.gov.au/notice-board/town-centres-project](http://www.kangarooisland.sa.gov.au/notice-board/town-centres-project) and Customer Service at 43 Dauncey Street, where hard copies of the forms can be returned to the suggestion box.

The next stage of the project is detailed design documentation and finalisation of pricing and specifications, with construction scheduled to commence in Spring 2021.

The presentations and feedback forms are now available for Kingscote, Penneshaw, Parndana and American River.

**Consultation closes Friday 16 July 2021**

## Fire Prevention Winter Cleanup!

Council would like to remind landholders that now is the best time, during the cooler winter months, to start planning and carrying out fuel reduction activities when the risks of fire and interaction with native fauna (such as snakes) are much lower.

Fire danger season inspections will re-commence late September/early October.
