## PROJECT UPDATE

### Kingscote School Crossing - Centenary Avenue

Council continues to liaise with the Department of Transport and Infrastructure, SAPOL and the community to review and assist with improvements within School zones.

Works at Centenary Avenue on a new Emu (flag) school crossing have now been completed. Required kerbing, linemarking, signage and modifications to the footpaths has been installed to revitalise the crossing.

Many thanks to the contractor, SS Contracting for completing this project during the school holiday period.

Motorists are advised to be aware that there may be additional pedestrian movements around and on this new crossing.

Emu crossings are part time crossings. They are operational when the "Children Crossing" flags are displayed. KICE also provides student crossing monitors to supervise the crossing of children and adults.

### What should drivers do?

As emu crossings are in school zones, drivers must travel at no more than 25km/hr at any time when children are present on the road or footpath.

Drivers must stop for anyone using the crossing or about to use the crossing when flags are displayed.

Drivers must not park within 20 meters of the approach to an emu crossing or within 10 meters after passing it.

## Governor General's Visit

The Governor General of Australia His Excellency David Hurley and Mrs Hurley visited Kangaroo Island in continued support of our Island Community after the devastating fires of 2019-2020.

The revitalisation and rebuilding of the Kangaroo Island community has been of particular interest and concern and The Governor General and Mrs Hurley who last visited in February 2022 to turn the sod for the Stokes Bay Community Hall. They are delighted to have returned to revisit their connection to Island residents and see the revitalisation of the Stokes Bay community and Stokes Bay Hall.

His Excellency and Mrs Hurley's previously planned visit was delayed due to COVID and as such they very much looked forward to meeting with members of our Island community at the Community Hall last Sunday to tour the completed Stokes Bay Community Hall Facility.
