WORKS AND INFRASTRUCTURE UPDATE

Kingscote Pavilion – Upgrade Complete

The upgrade of the Kingscote Pavilion is now complete.

Our contractor, Jaybel Building Services, successfully delivered the project within the targeted time frame. Thank you for your patience while we completed these important improvements to our community spaces.

Kerbing Works – Nepean Street, Investigator Way and Thisby Street

Kerbing works in these areas have been completed by Denco Civil. A separate contractor has been engaged to remediate and seal the adjacent road pavement, with works scheduled to commence later this month. Preparation, including the removal of loose gravel, will begin next week. Thank you for your patience while we add the finishing touches.

Kingscote CWMS Extension – Dutton Street Project Update

The Kingscote Community Wastewater Management Scheme (CWMS) Extension Project is progressing well, with key sections already completed ahead of schedule.

Recent Works:

- The contractor has successfully completed the horizontal bore and

installed the CWMS pipe for the directional drilled section.

- Local residents have been kept informed and have assisted in enabling access for this technically challenging work.

Next Steps:

- Conventional trenching is still to be completed along Stokes Court, through the walkway, and on Investigator Avenue.
- With this section now in place, the contractor will review the next steps for upcoming works.
- Further updates will be provided as the project progresses.

There may be minor disruptions in the form of dust, noise, and traffic control measures. We apologise for any inconvenience and appreciate your understanding. The project is scheduled for completion by the end of May, but with progress ahead of schedule, an earlier completion may be possible.

For more information, contact Kangaroo Island Council at 08 8553 4500 or email kicouncil@kicouncil.sa.gov.au.
