## 1. Introduction

Delegations provide the formal authority to an officer to financially commit the Council and/or incur liabilities or debts for the Council.

Delegations are not an authority to enter into contracts.

### 4. Policy Statement

In accordance with Section 101 of the Local Government Act 1999, the Chief Executive Officer makes financial delegations or sub-delegations to employees of Council based on the following principles:

#### 4.1. Schedule

- The *Schedule of Financial Delegations of Authority* identifies Kangaroo Island Council's Financial Delegations at a positional level;
- The *Schedule of Financial Delegations of Authority* will be submitted to Council annually for confirmation or amendment; and
- Finance Department will maintain an up-to-date Schedule of Delegations for the purpose of verification of authority.

#### 4.2. Authority

- The delegations are made (where practical) to Positions rather than specific employees;
- Delegates may not further delegate their powers except, where there is evidence of an approved higher duties authorisation;
- An employee formally acting in a position for a specific period of time can exercise the same level of delegation as the substantive occupant to that position provided

the substantive occupant is absent for at least one full working day and an authorised higher duties form is held by the HR department;

- Delegations are granted provided that the delegate complies with all Council Policies and Legislative requirements;
- All delegations refer to being “within approved budget”; such delegations continue to apply for matters where a separate resolution of Council has been made subsequent to the budget being adopted;
- Finance delegations are to be reviewed on an annual basis or earlier if circumstances require;
- Delegations can be wholly or partially revoked at any time by the Chief Executive Officer or the Departmental Manager to whom that delegate is accountable provided that the Chief Executive Officer has been advised of the reasons for the temporary and/or the permanent change;
- Delegations to delegates who cease to be employed by the Kangaroo Island Council will have no further authority, effective from the date that the employment contract ceases, or at any time if revoked by the CEO.

#### **4.3. Transactions**

- A delegate may take any action or sign any document (subject to any policies about signing documentation) necessary to give effect to a transaction they have authorised under their delegation.
- Any delegation to incur expenditure, or liability must be exercised within the limits of the relevant approved budget or other approved source of funds. Any proposed expenditure on items not contained within the approved budget must be referred to the Chief Executive Officer for approval by Council.
- A delegate can only exercise authority with respect to the total transaction value, exclusive of GST.
- If there is any increase in the cost of a transaction, then the delegate who approved the original transaction must approve that variation provided that the sum of the variation and the original cost of the transaction does not exceed the delegate’s limit of authority for that type of transaction.
- If the sum of the variation and the original cost of the transaction exceed the delegate’s limit of authority for that type of transaction, a delegate with the appropriate level of authority must approve that variation.
- If the sum of the variation and the original cost of the transaction exceed senior manager delegation limits for that type of transaction, then the CEO must be made aware of this variation.
- Where a commitment for a financial transaction has been entered into by an appropriately delegated officer, it is not necessary for progress payments to be authorised by that delegate if a lower band delegate has the delegation to authorise these progress payments, provided that the aggregate of the progress payments does not exceed, and remains within, the approved budget.

#### **4.4. Levels of Authority**

- Only Council employees with delegated authority pursuant to Section 44, 101 and 137 of the Local Government Act 1999 can incur expenditure on behalf of the Council.
- A delegate’s supervisor may exercise the same level of authority as the delegate (that is to say), levels of authority are hierarchical through relevant line of responsibility up to and including the Chief Executive Officer.
- Delegates are always subject to the direction and authority of the Chief Executive Officer.

- The Chief Executive Officer has authority to exercise any delegation of authority specified in this document and associated Schedule except those delegated to a Committee of the Council or an authorised person.

#### 4.5. Own Expenditures & Leave

Delegates must not approve the incurring of, or the reimbursement of, their own expenditures or advances even if it falls within their delegation limit. Nor are delegates permitted to approve their own leave of absence from the Council. Such expenditure and leave must be approved by that person's immediate supervisor. Where the immediate supervisor is not available it must be approved by the supervisor of the immediate supervisor.
